It shall be the duty of each town and city clerk to purchase a book of suitable size, to be known as the "medical register" of each city or town, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the city or town, said clerk shall make a note of the same at the bottom of the page, and shall on the first day of January in each year transmit to the office of the state board of health a duly certified list of the physicians of said city or town registered under this chapter, together with such other information as is hereafter required, and perform such other duties as are required by this chapter; and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all the duties required under this chapter.

Sec. 2. It shall be unlawful for any person to practice medicine or surgery in any of its branches, within the limits of this state, who has not exhibited and registered, in the city or town clerk's office of the city or town in which he or she resides, his or her authority for so practicing medicine as herein prescribed, together with his or her age, address, place of birth and the school or system of medicine to which he or she proposes to belong; and the person so registering shall subscribe and verify on oath, before such clerk, an affidavit containing such facts, which, if willfully false, shall subject the affiant to conviction and punishment for perjury.

Sec. 3. Authority to practice medicine under this chapter shall be a certificate from the state board of health, and said board shall, upon application, after examination, issue a certificate signed by the president and countersigned by the secretary of said board, to any reputable physician who intends to practice medicine or surgery in this state, who presents satisfactory evidence of graduation from a medical school in good standing, and who shall present himself before the state board of health and pass in a satisfactory manner such examination as said board may require: Provided, however, that the provisions of this section shall not apply to any person lawfully engaged in the practice of medicine or surgery in this state on the twenty-second day of May, nineteen hundred and eight. Any physician so presenting himself for examination shall present to said board, a receipt of the general treasurer, that he has paid into the state treasury the sum of twenty dollars as a fee for such examination, and said fee shall in no case be returned: Provided, however, that an applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled, within one year after such refusal, to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee.

Sec. 4. Nothing in this chapter shall be so construed as to authorize any itinerant doctor to register or to practice medicine in any part of this state.

Sec. 5. The board may, after due notice and hearing, in its discretion refuse to grant the certificate provided for in Section 3 of this chapter to any physician who is not of good moral character, or who has violated any of the laws of the state, or who has been guilty of gross unprofessional conduct or conduct of a character likely to deceive or defraud the public, and may, after due notice and hearing, revoke any certificate issued or granted by it heretofore for like cause or for any fraud or deception committed in obtaining such certificate, or for any other cause which in the opinion of said board shall render the holder of such certificate an unfit person to practice medicine in this state. The members of said board are hereby severally authorized to administer oaths, and said board, in all cases or proceedings pending before it, is hereby authorized and empowered to summon witnesses by subpoena signed by the secretary of said board, and to compel such witnesses to attend and testify in the same manner as witnesses are compelled to appear and testify in either division of the supreme court; and said board is authorized to compel the production of all papers, books, documents, records, certificates, or other legal evidence that may be necessary or proper for the determination and decision of any question or the discharge of any duty required by law of said board, by issuing a subpoena *duces tecum*, signed by the secretary; and every person disobeying any such writ shall be considered as in contempt, and said board may punish any contempt of its authority in like manner as contempt may be punished by either division of the supreme court. Any person who shall wilfully swear falsely in any proceeding, matter, or hearing before said board shall be deemed guilty of the crime of perjury. Said board shall serve a copy of its decision or ruling upon any person whose certificate has been refused or revoked. Any person aggrieved by any decision or ruling of said board may, within ten days after receiving said notice, exclusive of Sundays and legal holidays, take an appeal therefrom to the appellate division of the supreme court, sitting at Providence, and shall file therein his reasons of appeal, and serve a copy thereof on the secretary, or person performing the duties of secretary of said board; and said appellate division of the supreme court shall, as soon as may be, hear and determine said appeal.

Sec. 6. Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit gratuitous services in case of emergency; nor shall this chapter apply to commissioned surgeons of the United States army, navy, or marine hospital service, or to legally qualified physicians of another state, called to see a particular case in consultation with a registered physician of this state, but who do not open an office or appoint any place in this state where they may meet patients or receive calls.

Sec. 7. Complaints for violation of the provisions of this chapter shall be made by the secretary of said board, and said secretary shall be exempt from giving surety for costs on any complaint made as aforesaid.

Sec. 8. Any person who, not being then lawfully authorized to practice medicine within this state, and so registered according to law, shall practice medicine or surgery or attempt to practice medicine or surgery, or any of the branches of medicine or surgery, after having received therefor or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, or compensation, or who shall open an office with intent to practice medicine or shall hold himself out to the public as a practitioner of medicine, whether by appending to his name the title of doctor or any abbreviation thereof, or M. D., or any other title or designation implying a practitioner of medicine, or in any other way, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, either or both, in the discretion of the court; and in no case when any provision of this chapter has been violated shall the person so violating such provision be entitled to receive compensation for services rendered.

MEDICAL LAW OF SOUTH CAROLINA

Section 1. Be it enacted by the General Assembly of the State of South Carolina, that on and after the approval of this act, no person shall practice medicine or surgery within the State unless he or she is twenty-one years of age, and either has been heretofore authorized so to do, pursuant to the laws in force at the time of his or her authorization, or is hereafter authorized to do so by subsequent subdivisions of this act.

Sec. 2. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat, operate on or prescribe for any physical ailment of another, except those engaged solely in the practice of osteopathy. But nothing in this act shall be construed to prohibit service in cases of emergency, or the domestic administration of family remedies.

Sec. 3. There shall be established a State Board of Medical Examiners, composed of eight reputable physicians or surgeons, one from each of the seven Congressional Districts, and one from the State at large, to be nominated by the State Medical Association, and appointed and commissioned by the Governor. The term of office of the members of the board shall be for a period of two years, and until their successors in office shall have been appointed and qualified. Any vacancy in said Board of Examiners by death, resignation or otherwise, shall be filled in the same manner as above specified; provided, that the Governor shall have the right to reject any or all of the members nominated, upon satisfactory showing as to the unfitness of those rejected. In case of such rejection, former members of the board shall hold over until their successors can be chosen in the manner as above provided.

The members of the board first appointed under the provisions of this section shall be divided into two classes. The first class to consist of the four members from the odd number Congressional Districts of the State, and the second class of the remaining four members, the three from the even number Congressional Districts with the one from the State at large. The first class shall hold office under the said first appointment for the period of two years, until 1905; the second class for one year from the date of their appointment, until 1904. Thereafter the term of office of the first class shall expire on each odd number year of the calendar, and those of the second class on each even number year of the calendar; provided, further, that the first nomination herein provided for shall be held at the next annual meeting of the said State Medical Association, and the members of the present board shall continue in office until their successors are appointed and have qualified, as hereinbefore provided.

Sec. 4. Said Board of Medical Examiners shall meet regularly at Columbia, S. C., on the second Tuesday in June of each year, and continue in session until all applicants are duly examined.

A majority of said board shall constitute a quorum for the transaction of business.

At their first meeting they shall organize by the election of a chairman and a secretary, who shall also be treasurer, and said board shall have power to call extra meetings, when necessary, and to make all necessary by-laws and rules for their government.

Sec. 5. It shall be the duty of said board, when organized, to examine all candidates for examination, as hereinafter provided and prescribed, and to pass upon their qualifications and fitness to practice medicine in this State, and to give to each successful applicant a certificate to that effect, upon the payment of ten dollars to the treasurer of said board, one-half of which shall be returned if the applicant fails to secure a certificate of qualification. Such certificate of qualification shall entitle the holder or holders thereof, respectively, to be registered as a lawful practicing physician by the Clerk of Court of the county in which he or she, or they, may reside, upon payment to said Clerk of Court of a fee of twenty-five cents for each registration. No physician will be considered as a legally qualified practitioner, or as having fully complied with the law, until he shall have obtained said registry. In the interim between the meetings of the board, the president and secretary of the board shall be allowed to grant temporary license to practice medicine until the next regular meeting of the board, to such persons as would, under the above sections, be eligible for examination. Said temporary license shall not entitle the holder to registry with the Clerk of Court of the county in which he resides, but at the next regular meeting of the board, the applicant must come up for the regular examination for permanent license.

Sec. 5a. The said Board of Medical Examiners is hereby authorized and empowered to suspend or revoke, subject on appeal to revisions by the Circuit Courts of the State, by a majority vote of its total membership, the license of any practicing physician or surgeon qualified under any provision of this act, and whether qualified prior or subsequent to the passage of this act, after due notice and fair opportunity for hearing, upon its being made satisfactorily to appear that the holder thereof is guilty of felony or gross immorality, or is addicted to the liquor or drug habit to such a degree as to render him or her unworthy or unfit to practice medicine in this State, or has been convicted in a court of competent jurisdiction of illegal practice. And the said board is further empowered to administer oaths in the taking of testimony upon any and all matters pertaining to the business or duties of the board; provided, that pending an appeal under this section the doctor under charges shall practice his or her profession until the decision of the tribunal appealed to.

Sec. 6. All persons who hold diplomas from any medical college or schools of established reputation, given prior to the passage of this act, and who present certificates of their good moral character, and of their sobriety, from some reputable person or persons known to the board, and who give evidence of sufficient preliminary education (equivalent to the possession of a teacher's first grade certificate), shall be eligible for examination before the board, irrespective of their time of attendance upon medical lectures; but no person who shall graduate after the passage of this act, shall be eligible to appear before the board for examination unless he or she shall give evidence, in addition to sufficient preliminary education, that he or she has attended four full courses of lectures of at least twenty-six weeks each, no two courses being in the same year, and has received a diploma of M. D. therefrom; provided, that nothing in this act contained shall be construed to prevent the State Board of Medical Examiners from admitting as eligible for examination before said board, or both the junior and senior curriculum prescribed in section 7 of this act, any person who satisfies said board that he or she had been regularly admitted to advanced standing in some medical college or school of established reputation, requiring a four years' course of study, and had received a dipolma of M. D. therefrom, and is otherwise eligible under the provisions of this act.

Sec. 7. The curriculum of the State Board of Medical Examiners shall be divided into two sections; the first comprising the junior or primary branches of medical education, hereafter to be designated as the Junior Curriculum. The second, comprising the senior and clinical portion of medical education, hereafter to be designated as the Senior Curriculum. The Junior Curriculum shall comprise the following branches, namely:

1. General anatomy.
2. Physiology and histology.
3. Materia medica and medical botany.
4. Chemistry, organic and inorganic and medical physics.
5. Bacteriology and pathology.

The Senior Curriculum shall comprise:

1. Anatomy, regional and surgical.
2. Practical hygiene and sanitary science, State medicine.
3. Practical uranalysis, urinary microscopy.
4. Therapeutics and toxicology.
5. Surgery; general and special, surgical procedure.
6. Practical medicine and diseases of children.
7. Practical obstetrics and gynecology.
8. Medical jurisprudence.

Said examinations shall be conducted either in writing or orally, or both, at the discretion of the board.

Sec. 8. All applicants before the board, holding a diploma from a four-year graded medical college of established reputation, whether in or out of the State, who have pursued a study of four separate courses, and have attained a mark of not less than seventy-five per cent. on each individual branch of their curriculum, as evidenced by certificate from the dean of their college, shall be exempted from examination in the Junior Curriculum, and shall be examined only on those subjects contained in the Senior Curriculum, as heretofore outlined. Those applicants who hold diplomas issued by chartered medical colleges, but whose term of attendance has been less than four years, as above stated, must pass upon both the Junior and Senior Curriculum, as must also those attending a four years' course who cannot produce a certificate showing that they have attained the mark of seventy-five per cent. on all the branches of their college curriculum.

Sec. 9. The board shall be empowered without examination to indorse, upon receipt of the license fee of ten dollars, the licenses issued by other State Boards having an equal standard; provided, said other boards accord to the licenses of the South Carolina State Board the same courtesy; and said other State Board licenses, when indorsed, shall entitle the holder to registry in this State, and to all the rights and privileges thereby granted.

Sec. 10. The standard required by the State Board of Medical Examiners shall be an average of not less than seventy-five per cent. on all the branches examined upon, and not less than sixty per cent. on any individual branch.

Sec. 11. The board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting such applicant's degrees or certificates of lectures in medicine or surgery. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 12. The members of said Examining Board shall receive for their services the same per diem and mileage as is paid to the members of the General Assembly, for each day engaged. Said compensation to be paid from the State Treasury, upon the certificate of the president of the board, countersigned by the secretary. The license fees collected from applicants shall be turned into the State Treasury. There shall be set aside from said fees each year the sum of fifty dollars (if so much be needed) as a contingent fee, for the purpose of supplying the secretary with necessary stamps and stationery, and to print the proceedings of the board.

Sec. 13. It shall be unlawful for any person or persons to practice medicine or surgery or any branch or specialty of the same in this State who has failed to comply with the provisions of this act, and any one violating the provisions of this act shall be deemed guilty of a misdemeanor, and for each offense, upon conviction by any court of competent jurisdiction, shall be fined in any sum not less than fifty dollars, nor more than three hundred dollars, or imprisonment in the county jail for a period of not less than thirty, nor more than ninety days, or both, at the discretion of the court; one-half of said fine to go to the informant and the other half to the State; provided, that dentists and midwives shall not be subject to the provisions of this section; provided, that the State Board of Medical Examiners shall issue license to osteopaths and homeopaths specifically for the purpose of practicing osteopathy or homeopathy, respectively, when the applicant presents a diploma from a duly authorized school of osteopathy or homoepathy and satisfactorily passes examination before the State Board of Medical Examiners on all regular branches upon which applicants for license to practice medicine are examined, except materia medica and therapeutics, major surgery, and the practice of medicine; provided, furhter, that osteopaths and homeopaths now holding license from the State Board of Medical Examiners shall be exempt from the provisions of this act.

Sec. 14. In no case, wherein the provisions of this act shall have been violated, shall any person violating be entitled to receive a compensation for services rendered. But all persons now practicing, in accordance with the law now of force, or who may hereafter practice medicine or surgery, as herein provided, shall be entitled to charge, sue for and collect for their services.

Sec. 15. Upon the refusal of the said board to grant a license to any applicant an appeal may be had to the Governor, who may order a re-examination of the applicant, to be held in the presence of the dean and faculty of any medical college in this State, and a committee composed of seven practicing physicians.

Sec. 16. All acts and parts of acts inconsistent herewith are hereby repealed.

MEDICAL LAW OF SOUTH DAKOTA

Sec. 1. There is hereby created a board of public health and medical examiners, the members of which are to be appointed by the governor, all of whom shall be resident physicians of the state, in good standing, and shall have resided and practiced within this state not less than five years preceding their appointment. The school known as the regular homeopathic shall at all times be represented upon such board.

Sec. 2. Immediately after the taking effect of this act, the governor shall appoint five skilled and capable physicians, who shall constitute said board, two of whom shall be appointed for the period ending July 1, 1914, and three for the period ending July 1, 1915, and thereafter in each year, on or about the first day of July, the governor shall appoint members of said board to succeed the members whose terms of office then expire, and such appointment shall in each instance be for a period of two years.

Sec. 3. The governor shall in his commission of appointment designate which member of said board shall be superintendent thereof. At the first meeting after their appointment the members thereof shall organize said board by electing a president and vice-president. The superintendent of said board shall be ex-officio secretary.

Sec. 4. The said board shall hold quarterly meetings in each year, two of which shall be at the state capital, and other meetings at such times and places as the superintendent of the board shall designate, and shall have power as follows:

(1) To exercise general supervision over all health officers and boards, take cognizance of the interests of health and life among the people, investigate sanitary conditions, learn the cause and source of diseases and epidemics, observe the effect upon human health of localities and employments, and gather and diffuse proper information upon all subjects to which its duties relate; to gather, collate and publish medical and vital statistics of general value, and advise all state officials and boards in hygiene and medical matters, especially those involved in the proper location, construction, sewerage and administration of prisons, hospitals, asylums and other public institutions.

(2) To adopt, alter and enforce reasonable regulations of permanent application throughout the whole or any portion of the state, or for specified periods in parts thereof, for the preservation of the public health. Upon the approval of the Attorney General, and the due publication thereof, such regulations shall have the force of law, except insofar as they may conflict with a statute or with the charter or ordinance of a city of the first-class upon the same subject, and in and by the same the board may control, by requiring the taking out of licenses and permits, or by other appropriate means, any of the following matters:

(a) The manufacture into articles of commerce, other than food, of diseased, tainted or decayed animal or vegetable matter.

(b) The business of scavengering and the disposal of sewage.

(c) The location of mortuaries and cemeteries and the removal and burial of the dead.

(d) The management of lying-in houses and boarding places for infants, and the treatment of infants therein.

(e) The pollution of streams and other waters and the distribution of water by private persons for drinking or domestic use.

(f) The construction and equipment, in respect to sanitary conditions, of schools, hospitals, almshouses, prisons and other public institutions.

(g) The treatment in hospitals and elsewhere of persons suffering from communicable diseases, the disinfection and quarantine of persons and places in case of such disease, and the reporting of sickness and deaths therefrom.

(h) The accumulation of filthy and unwholesome matter to the injury of the public health, and the removal thereof.

(i) To require the superintendent of vital statistics to furnish all information that he may have, regarding vital statistics.

(j) The supervision of slaughter houses.

(k) To license and regulate the practice of medicine and surgery within the State of South Dakota, and to make all rules and regulations which may be necessary or expedient to that end.

Sec. 5. (Publication-Penalties). Three weeks published notice of such regulations, if of general application throughout the state, shall be given at the seat of government; if of local application only, as near such locality as practicable; which publication shall be made in any official newspaper of the county where such publication is made. Special rules applicable to particular cases shall be sufficiently noticed when posted. Every person violating any such regulation, or any lawful direction of a board of health or health officer, shall be guilty of a misdemeanor. Fines collected shall be paid into the state treasury, and credited to the perpetual school fund.

Sec. 6. (Interstate Carriers). Whenever necessary the board may estbalish and enforce a system of quarantine against the introduction into the state of any plague or other communicable disease by common carriers doing business across its borders. Its members, officers and agents may board any conveyance used by such carriers, to inspect the same, and if it be found infected, may detain such conveyance and isolate and quarantine any or all persons found thereon, with their luggage, until all danger of communication of disease therefrom is removed.

Sec. 7. (Other Remedies Reserved). Nothing herein contained shall curtail the powers of the courts to administer the usual legal and equitable remedies in case of nuisance or of improper interference with private rights.

Sec. 8. The superintendent of said board shall devote his time and attention to the performance of his duties and shall receive an annual salary of two thousand dollars ($2,000), payable in monthly installments, and his actual and necessary expenses. The other members of the board shall receive as their compensation the sum of five dollars ($5.00) per day while actually engaged in the performance of their duties, and in addition thereto five cents (5c) per mile for each mile actually and necessarily traveled, and their actual and necessary expenses.

Sec. 9. The accounts of the members of said board for expenses and per diem shall be audited by the superintendent thereof and paid out of the state treasury on the warrant of the auditor upon properly certified vouchers.

Sec. 10. The said board shall keep a correct record of all its proceedings, and the same shall be open for public inspection. It shall also keep a register of all applicants for a license to practice as a physician and surgeon, or either, within this state, together with the age of such applicant, the time spent in preparation in the study of medicine, the location and names of all institutions in which said study has been pursued, the location and name of all institutions granting to applicants any degrees or certificates of lectures in medicine or surgery, and such record shall show whether such applicant was rejected or licensed under this act, and said record or a certified copy of the entry thereof shall be prima facie evidence of all matters therein stated.

Sec. 11. Any person desiring to engage in the practice of medicine or surgery or obstetrics in any of their branches in this state shall make application to said board for a license to practice medicine, surgery or obstetrics in the state of South Dakota. Such license shall be granted to such applicants who shall give satisfactory proof of being at least twenty-one years of age, of good moral character, on compliance with the following conditions: The applicant shall pass an examination upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and ear, nose and throat, bacteriology, medical jurisprudence, and such other branches as the board may deem advisable, and in addition thereto shall present evidence of having attended four full courses of lectures of at least twenty-six weeks each in a legally organized and reputable medical college recognized by said board of public health and medical examiners, no two courses being in the same year, and of having received a diploma from a legally organized and reputable medical college which shall be in good standing, to be determined by the board, and said diploma must be submitted to the board for inspection and verification; provided, that the four courses of lectures of six months each shall not apply to applicants graduating prior to 1898.

Sec. 12. The examination required by the preceding section shall be conducted as follows:

(1) The applicant, before taking the examination, shall pay to the superintendent of the board an examination fee of twenty dollars.

(2) The examination shall be in writing, or oral, or both, as the board may determine.

(3) The questions on all subjects, except therapeutics and practice of medicine, shall be such as are answered alike by all schools of medicine. And no license shall be refused any applicant because of his adherence to any particular school of medicine. Each applicant shall be required to attain an average percentage of at least seventy-five per cent of correct answers. Any applicant failing on such examination shall be eligible to second examination at any regular meeting of the board or such times as the board may designate without the payment of an additional fee.

Sec. 13. To each applicant successfully passing said examination and fulfilling all other requirements of this act, the said board shall grant a license to practice medicine and surgery and obstetrics in all branches in the state of South Dakota. Such license shall be granted only by the consent of the majority of the board. All examination papers and questions submitted shall be kept for reference and inspection for a period of not less than three years.

Sec. 14. The said board may, in its discretion, accept a license upon the payment of the license fee and without examination, any license which shall have been issued to the applicant by the examining board of the District of Columbia, or any State or Territory of the United States, if the legal requirements of such examining board at the time of issuing such license or certificate shall be in no degree or particular less than those of the State of South Dakota at the time when such license is presented for registration: Provided, that the provisions of this section shall apply to such certificates or licenses issued by examining boards as accept and register licenses or certificates issued by the board of public health and medical examiners of this state. Each applicant, upon making application under the provisions of this Act, shall pay to the superintendent of said board a license fee of twenty dollars.

Sec. 15. The board shall have the power and authority to refuse to grant a license under this act for unprofessional, immoral or dishonorable conduct on the part of the applicant.

Sec. 16. The said board shall have the power and authority to revoke the license of any physician or surgeon heretofore or hereafter granted upon complaint made under oath by a reputable person if it shall satisfactorily appear to the board that such physician or surgeon has been guilty of unprofessional, immoral or dishonorable conduct or has been convicted of a felony, or if such physician or surgeon publically professes or claims to cure or treat disease, injury or deformity in such a manner as to deceive the public, or shall be grossly incompetent: Provided, however, that no license shall be revoked except after a hearing before the board upon notice of not less than ten days, with a copy of the complaint having been duly served upon the adverse party, and then only upon due proof of the facts alleged in the complaint.

Sec. 17. The words "unprofessional or dishonorable conduct," as used in this act, shall be construed to include:

First, producing or aiding or abetting a criminal abortion.

Second, the employing of what is known as cappers or steerers.

Third, the obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth, wilfully betraying a professional secret.

Fifth, all advertising of medical business in which untruthful statements are made or which are calculated to mislead or deceive the public.

Sixth, all advertising of any medicine, or any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Seventh, conviction of any offense involving moral turpitude.

Eighth, habitual intemperance.

Sec. 18. Any person receiving a license to practice as hereby provided shall record the same in the office of the register of deeds of the county where he resides and is engaged in practice, and the said register of deeds shall, on or before the first day of January and July in each year, furnish to the superintendent of said board a list of all licenses recorded. All moneys received by said board shall be paid into the State treasury and shall be credited to the general fund of the State, and a receipt in duplicate be filed with the superintendent of said board in the office of the State auditor.

Sec. 19. (Itinerant Physicians Must Procure Itinerant Licenses). Sec. 20. (Penalty for Practicing Without a License.) Any person practicing medicine, surgery or obstetrics in any of their branches as an itinerant physician, as in Section 19 hereof defined, without having procured such itinerant license, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five hundred dollars ($500) nor more than eight hundred dollars ($800) or imprisonment in the county jail not less than thirty nor more than ninety days, or by both such fine and imprisonment.

Sec. 21. (Unlawful to Use Title and Prescribe When). When a person shall append or prefix the letters M. B. or M. D., or the title of Dr. or Doctor, or Specialist, or any other sign or appellation in a medical sense, to his or her name, or shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person any drug, medicine, apparatus or other agency for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, bodily injury or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation, shall be regarded as practicing within the meaning of this act.

Sec. 22. The provisions of Section 11, 12, 13, 14, 15, 16, 17, 18, 21 and 25 of this Act shall not apply to commissioned surgeons of the United States army, navy or marine hospital service in the actual performance of their duties, nor to regularly licensed physicians or surgeons from outside this State in actual consultation with physicians of this State, nor to dentists or osteopaths in the legitimate practice of their profession, nor to Christian Scientists as such, who do not practice medicine, surgery or obstetrics by the use of any material remedies or agencies, nor to resident physicians or surgeons of this State regularly licensed and practicing in this State at the time of the taking effect of this Act.

Sec. 23. Any person now practicing or who shall practice medicine, surgery, obstetrics, or any of the branches thereof, in the State of South Dakota, without having obtained a license as provided herein, and caused the same to be recorded, as herein required, or any person who shall submit to the board of medical examiners any false, forged or fraudulent diploma, or one of which he is not the lawful owner, or any false or forged affidavit or identification for the purpose of obtaining from said board the license required by this Act, or who shall file, or attempt to file, with the register of deeds of any county in this State any such license belonging to another, representing the same to be his own, or any such license issued to another having the names of the person to whom it was granted or issued erased therefrom and his own name, or the name of another, inserted in its place, or who shall falsely impersonate anyone to whom such license has been granted, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished as follows: For

MEDICAL LAW OF TENNESSEE

CHAPTER 78.—HOUSE BILL NO. 478

Section 1. Be it enacted by the General Assembly of the State of Tennessee. That no person shall practice medicine in any of its departments within this State unless and until such person shall have obtained a certificate of license from the State Board of Medical Examiners hereinafter created, and shall have recorded it in the County Court Clerk's office in the county or counties in which he proposes to practice; provided, however, that the provisions of this Act shall not apply to any person or persons who at the time of its passage are duly and regularly licensed by law to practice medicine in any of its branches in this State.

Sec. 2. Be it further enacted, That there shall be a Board, to be known as the State Board of Medical Examiners, and to consist of six graduated physicians of not less than six years' experience each in the practice of medicine or surgery, one or both, two of whom shall reside in each grand division of the State, and whose duty it shall be to examine into the qualifications of all applicants for certificates of license to practice medicine or surgery in this State; provided, however, that the three schools of medicine shall be represented on said Board of Examiners as follows: Four representatives from the regular school of medicine, one from the eclectic, one from the the homeopathic school of medicine; and, provided, also, that no member of said Board shall be connected with any medical college of the State or State Board of Health.

Sec. 3. Be it further enacted, That the members of said Board shall be appointed by the Governor, and shall hold office for a term of four years; but all vacancies occurring in the Board by reason of death or resignation shall be filled by the Board itself for the unexpired term; provided, however, that the first Board shall be appointed upon the expiration of the term of the present Board, shall be appointed as the term of the present members of the Board expires, and shall within thirty days from said appointment meet and organize, and shall serve, one from each grand division of the State, for two years, and one from each grand division for four years, deciding by lot or agreement among themselves as to their respective terms of office.

Sec. 4. Be it further enacted, That the State Board is authorized to elect from its own members a President and Secretary, and to create such other offices and to adopt such by-laws as may be necessary and proper for the efficient operations of the Board. Three members shall constitute a quorum, and a majority of those present shall be necessary to reject any application; but such rejection shall not bar the applicant from a re-examination after the lapse of six months.

Sec. 5. Be it further enacted, That a regular meeting of the Board shall be held once each year in the city of Nashville, Tennessee, so long as the period of temporary licenses hereinafter provided for shall continue, and shall thereafter be held semi-annually in the said city of Nashville; but special meetings may be held oftener upon the call of the President.

Sec. 6. Be it further enacted, That persons desiring to obtain a certificate of license to practice medicine or surgery in this State shall make application therefor in writing to said State Board of Medical Examiners, which application shall be accompanied by the examination fees hereinafter prescribed, and by satisfactory proof that the applicant is of good moral character. When these preliminary requirements are satisfied, the applicant shall then present himself before the Board for examination upon the following branches—viz., Anatomy, Physiology, Chemistry, Pathology, Surgery, Obstetrics, Materia Medica, and Practice; but the member or members of the Board representing each separate school of medicine shall have the right to examine all applicants of that school in the branches peculiar to the teachings of that school, and the Board shall accept the grade placed by such member or members upon such special branches; provided, however, that graduates of any reputable medical college in the State of Tennessee shall, until June 1, 1902, be granted a certificate of license by said Board without reference to the number or lengths of terms attended, and without the examination hereinabove prescribed; but this proviso shall cease and determine after June 1, 1902.

Sec. 7. Be it further enacted, That the two members of said Board in each grand division of the State shall, at such time or times as the Board may direct, meet at some convenient point in their respective divisions for the purpose of examining applicants for permanent licenses. Such meetings shall be held at stated periods, and the questions to be propounded upon such examination shall have been determined upon in advance by the Board, and shall be identical in each division; and such examinations shall be held on the same day in each division, and under uniform rules and regulations, to be adopted by the Board. The examination papers shall be sealed up and carried to Nashville to the annual meeting of the Board at which time they shall be examined, graded, and passed upon by the Board in annual session, and the results declared and certificates issued to those entitled to receive them. Sec. 8. Be it further enacted, That, if the applicant for examination shall thereupon be found worthy and competent by the Board, it shall issue to him a certificate of permanent license, in accordance with the facts in each case, to practice medicine or surgery in this State.

Such temporary license shall not continue in force longer than until the conclusion of the next regular meeting of the Board, and shall in no case be granted within six months after the applicant has been refused a certificate of license by the Board; provided, that after January 1, 1903, no certificate of temporary license shall be issued. But, if there should be a greater revenue derived than shall be required to pay the compensation and expenses hereinbefore directed, any surplus remaining therefrom shall be paid to the Comptroller of the State, who shall receipt the Board for the amount so received and shall account for said moneys as for other State revenue.

Sec. 5. Be it further enacted, that this Act take effect from and after its passage, the public welfare requiring it.

Approved April 15, 1907.

A bill to be entitled "An Act to provide for the preliminary examination of all persons who may hereafter desire to practice medicine, surgery, osteopathy, or any other form of the healing art, in the State of Tennessee; to create a State Board of preliminary examination, and to define its powers and duties; to provide compensation for the members thereof, and to prescribe penalties for violations of this Act."

Section 1. Be it enacted by the General Assembly of the State of Tennessee, that immediately upon the passage of this Act, the Governor shall appoint three educators of recognized standing, one from each of the three grand divisions of the State, who shall constitute the State Board of Preliminary Examination, the members of which shall hold office for four, six and eight years, respectively, and until their successors are appointed and qualified. The term of each member shall be stated on the face of the certificate of his appointment, and all vacancies that may occur in said board by death, resignation or otherwise shall be filled by the Governor.

Within thirty (30) days after the first members of said board shall have been appointed, the board shall organize by electing one of its members as chairman and another as secretary-treasurer, and it shall adopt and use a seal which shall be affixed to all certificates which may be issued by the board, as provided by this Act.

The board shall have the power to make and enforce all rules and regulations proper and necessary for its conduct, not in conflict with the terms and provisions of this Act, and it shall hold meetings at such times and places as to it may seem proper: Provided, however, that said board shall meet at least once a year in Nashville at a suitable place after the commencement exercises of the various medical schools of the State of Tennessee, for the purpose of conducting an examination of all persons who may desire to practice medicine, surgery, and osteopathy, or any other form of the healing art in Tennessee.

A fee of Five (5) Dollars shall be paid by every applicant taking the preliminary examination, as in this Act provided, and the expenses of the State Board of Preliminary Examination, as well as the compensation of its members, shall be paid out of the sums so paid by such applicants. The compensation of each member of the board shall be fixed by its resolution or by-law.

The provisions of this Act shall not be construed or held to apply to any person who was practicing at the time of the passage of this Act, or who had practiced at any time during the year just preceding the passage of this Act, medicine, surgery, osteopathy, or any other form of the healing art in the State of Tennessee. Provided, further, that this Act shall not apply to Christian Science or to Christian Science practitioners.

Sec. 2. Be it further enacted, that before any person shall hereafter practice medicine, surgery, osteopathy, or any other form of the healing art, in the State of Tennessee, or shall treat for compensation by any means whatsoever any disease of the body or mind, or any ailment, injury or malformation of the human body, he or she shall first present himself or herself to the State Board of Preliminary Examination, or shall transmit to said board his or her general educational credentials; provided, however, that any person shall be entitled, prior to entering a medical school, or during his or her attendance therein, to register with the State Board of Preliminary Examination the high school diploma or its equivalent as is by this Act provided, and shall satisfy such board that he or she is a person of good moral character, has received a diploma or its equivalent from some reputable and recognized high school, and that he or she has received a diploma from some reputable and recognized school of medicine, surgery, osteopathy, or other school teaching any form of the healing art, in which is given a course of at least thirty-two (32) months, extending over a period of four years, and which course shall embrace the study of Anatomy, Physiology, Pathology, Surgery, Gynecology, Obstetrics, Chemistry, Bacteriology, Symptomatology, Diagnosis, Hygiene and Sanitation; provided, however, that after the year 1919 all applicants of the regular school of medicine shall have a diploma from a medical school whose curriculum is as high as that of the Medical Department of the University of Tennessee as published at present in its catalogue; provided, further, that the provisions of this Act requiring a preliminary examination shall not extend to or embrace any persons who desire to practice medicine, surgery, osteopathy, or any other form of the healing art in Tennessee, who are graduates of reputable professional schools and who have had at least five (5) years' experience in other states of the United States.

The State Board of Preliminary Examination, if satisfied that the applicants possess the qualifications as prescribed by this Act, shall issue to such applicants a certificate, signed by the chairman and countersigned by the secretary of the board and under the official seal of the board, which certificate shall state that the person to whom it is issued is qualified to stand the professional examination that is now, or may be hereafter, required by law before the State Board of Medical Examiners, or the State Osteopathic Examining Board, and nothing in this Act contained shall be construed as abolishing or interfering with the professional examination that is now, or may be hereafter, required by law, as it is the intention of this Act only to test and certify the qualifications of applicants before they can legally take the professional examination required by law. Provided, however, if for any reason the State Board of Preliminary Examination is not satisfied that any applicant possesses the qualifications required by this Act, it may cause such applicant to be examined as to his or her general educational qualifications by a committee to be appointed by the State Board of Preliminary Examination, and this examination may be held, even though such applicant possesses the diploma or equivalent thereof, as is by this Act provided.

Sec. 3. Be it further enacted, that no professional examination shall be given by the State Board of Medical Examiners or by the State Osteopathic Examining Board, or by any other medical or surgical examining board, unless the applicant shall have first presented to such board the certificate of the State Board of Preliminary Examination as prescribed by Section 2 of this Act, and any applicant who shall undertake to stand such examination before the above named boards without having this certificate so issued to him or her prior to such examination shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than Fifty Dollars, nor more than Five Hundred Dollars for such offense, and the license of the above named boards for professional examination shall be null and void if issued to any person who has not, before taking such examination, submitted himself or herself to the State Board of Preliminary Examination and received the certificate of such board as is by this Act provided.

Sec. 4. Be it further enacted, that any person who desires hereafter to practice medicine, surgery, osteopathy, or any other form of the healing art in Tennessee, and who shall attempt to obtain the required certificate of the State Board of Preliminary Examination by fraud, artifice or any other unlawful or improper practice, shall not be given a certificate by such board until the lapse of five (5) years from the date of such attempted unlawful and improper practice.

Sec. 5. Be it further enacted, that all laws or parts of laws in conflict with the provisions of this Act, be, and the same are, hereby repealed.

Sec. 6. Be it further enacted, that this Act take effect from and after its passage, the public welfare requiring it.

Approved April 1, 1915.

MEDICAL LAW OF TEXAS

Section 1. That a board, to be known as the Board of Medical Examiners for the State of Texas, is hereby established. Said board shall consist of eleven men learned in medicine, legal and active practitioners in the State of Texas, who shall have resided and practiced medicine in this State under a diploma from a legal and reputable college of medicine of the school to which said practitioner shall belong for more than three years prior to their appointment, and no one school shall have a majority representation on said board. Said board shall be appointed by the Governor of this State within ninety days after this Act shall become effective and biennially thereafter, within ninety days after inauguration and the term of office of its members shall be two years, or until their successors shall be appointed and qualified. No member of said board shall be a stockholder or a member of the faculty or the board of trustees of any medical school. Vacancies occurring in the board shall be filled by the Governor. The word "medicine" as used in this section shall have the same meaning and scope as given to it in Section 13 of this Act.

Sec. 2. The members of said board shall qualify by taking the oath of office before a notary public, or other officer empowered to administer oaths in the county in which each shall respectively reside. At the first meeting of said board after each biennial appointment, the board shall elect a president, vice-president, and secretary-treasurer. Six members shall constitute a quorum. Regular meetings shall be held at least twice a year, at such times and places as shall be deemed most convenient for applicants. Due notice of such meetings shall be given by publication in such papers as may be selected by the board. Special meetings may be held upon a call of three members of the board. The board may prescribe rules, regulations and by-laws, in harmony with the provisions of this Act, for its own proceedings and government for the examination of applicants for the practice of medicine and obstetrics. Said board, or any member thereof shall have power to administer oaths for all purposes required in the discharge of its duties, and to adopt a seal of office to be affixed to all of its official documents.

Sec. 3. The Board of Examiners shall preserve a record of its proceedings in a book kept for that purpose, showing name, age, place and duration of residence of each applicant, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said register shall also show whether applicants were rejected or licensed, and shall be prima facie evidence of all matters contained therein. The secretary of the Board shall, on March 1, of each year, transmit an official copy of said register to the Secretary of State for permanent record, certified copy of which, with hand and seal of the secretary of said Board, or Secretary of State, shall be admitted in evidence in all courts.

Sec. 4. From and after the passage of this Act it shall be unlawful for any one to practice medicine in any of its branches upon human beings within the limits of this State who has not registered in the District Clerk's office of the county in which he resides, his authority for so practicing, as herein prescribed, together with his age, postoffice address, place of birth, school of practice to which he professes to belong, subscribed and verified by oath, which, if wilfully false, shall subject the applicant to conviction and punishment for false swearing, as provided by law. The fact of such oath and record shall be endorsed by the District Clerk upon the certificate. The holder of the certificate must have the same recorded upon each change of residence to another county, and the absence of such record shall be prima facie evidence of the want of possession of such certificate.

Sec. 5. It is hereby made the duty of the District Clerk of each county in this State to purchase a book of suitable size, to be known as the "Medical Register" of such county, and set apart one full page for the registration of each physician, and to record in the same the name and record of each practitioner who presents a certificate from the State Board of Examiners issued under this Act. The clerk shall receive the sum of one dollar from each physician so registered, which shall be his full compensation for all duties required under this Act. When any physician shall die or remove from the county, or have his license revoked, it shall be the duty of said Clerk to make a note of facts at the bottom of the page as closing the record. On the first day of January, in each year, said clerk shall, upon the request of the Board, certify to the officer of the State Board of Medical Examiners a correct list of the physicians then registered in the county, together with such other information as said Board may require. Any District Clerk, upon conviction of knowingly violating any of the provisions of this Act, shall be fined not more than fifty dollars. A copy from the Medical Register pertaining to any person certified to by said clerk under the seal of said court; also a certificate issued by said officer certifying that any person named has or has not registered in said office as required by this Act, shall be admitted as evidence in all trial courts.

Sec. 6. Within one year after the passage of this Act, all legal practitioners of medicine in this State, who, practicing under the provisions of previous laws, or under diplomas of a reputable and legal college of medicine, have not already received license from a State medical examining board of this State, shall present to the Board of Medical Examiners for the State of Texas, documents or legally certified transcripts of documents, sufficient to establish the existence and validity of such diplomas or the valid and existing license heretofore issued by previous examining boards of this State, or exemption existing under any law, and shall receive from said Board verification license, which shall be recorded in the District Clerk's office in the county in which the licentiate may reside. Such verification license shall be issued for a fee of fifty cents to all practitioners who have not already received a license from a board of medical examiners of this State. It is especially provided that those whose claims to State licenses rest upon diplomas from medical colleges recorded from January 1, 1891, to July 9, 1901, shall present to the State Board of Medical Examiners satisfactory evidence that their diplomas were issued from bona fide medical colleges of reputable standing, which shall be decided by the Board of Medical Examiners before they are entitled to a certificate from said Board. This Board may, at its discretion, arrange for reciprocity in license with the authorities of other States and Territories having requiremnts equal to those established by this Act. License may be granted applicants for license under such reciprocity on payment of fifty dollars.

Sec. 7. All applicants for license to practice medicine in this State who are not licensed under the provisions of the previous section must successfully pass an examination before the Board of Medical Examiners established by this Act. Applicants to be eligible for examination must present satisfactory evidence to the Board that they are more than twenty-one years of age, of good moral character, and graduates of bona fide, reputable medical schools. Such school shall be considered reputable within the meaning of this Act whose entrance requirements and courses of instruction are as high as those adopted by the better class of medical schools of the United States, whose course of instruction shall embrace not less than four terms of five months each. Application for examination must be made in writing under affidavit to the secretary of the Board, on forms prepared by the Board, accompanied by a fee of twenty-five dollars, except when an applicant desires to practice obstetrics alone, the fee shall be five dollars. Such applicants shall be given due notice of the date and place of examination. Applicants to practice obstetrics in the State of Texas, upon proper application, shall be examined by the Board in obstetrics only, and upon satisfactory examination shall be licensed to practice that branch only; provided, this shall not apply to those who do not follow obstetrics as a profession, and who do not advertise themselves as obstetricians or midwives, or hold themselves out to the public as so practicing. In case an applicant, because of failure to pass examination, be refused a license, he or she shall, after one year, be permitted to take a second examination without an additional fee.

Sec. 8. The fund realized from the aforesaid fees shall be applied first to the payment of necessary expenses of the Board of Examiners; any remaining funds shall be applied by the order of the Board to compensating members of the Board in proportion to their labors.

Sec. 9. All examinations shall be conducted in writing, and in such manner as shall be entirely fair and impartial to all individuals and every school of medicine, the applicants being known by numbers, without names or other methods of identification on examination papers by which members of the Board may be able to identify such papers until after the applicants have been granted licenses or rejected. Examinations shall be conducted on the scientific branches of medicine only, and shall include anatomy, physiology, chemistry, histology, pathology, bacteriology, physical diagnosis, surgery, obstetrics, gynecology, hygiene and medical jurisprudence. Upon satisfactory examination, under the rules of the Board, applicants shall be granted licenses to practice medicine. All questions and answers, with grades attached, shall be preserved for one year. All applicants examined at the same time shall be given identical questions in each of the above branches. All certificates shall be attested by the seal and signed by all members of the Board, or a quorum thereof.

Sec. 10. Nothing in this Act shall be construed as to discriminate against any particular school or system of medical practice. This Act shall not apply to dentists legally qualified and registered under the laws of this State who confine their practice strictly to dentistry; nor to nurses who practice only nursing; nor to masseurs in their particular sphere of labor, who publicly represent themselves as such; nor to commissioned or contract surgeons of the United States Army, Navy, or Public Health and Marine Hospital Service, in the performance of their duties, but such shall not engage in private practice without a license from the Board of Medical Examiners; nor to legally qualified physicians of other States called into consultation, but who do not open offices or appoint places in this State where patients may be met or called to see. This Act shall be so construed as to apply to persons other than licensed druggists of this State, not pretending to be physicians, who offer for sale on the streets or other public places remedies which they recommend for the cure of disease.

Sec. 11. The State Board of Medical Examiners may refuse to admit persons to its examinations or to issue the certificate provided for in this Act for any of the following causes: First. The presentation to the Board of any license, certificate or diploma which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination. Second. Conviction of a crime of the grade of felony, or one which involves moral turpitude, or procuring or aiding or abetting the procuring of a criminal abortion. Third. Other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public; or for habits of intemperance or drug addiction calculated to endanger the lives of patients; provided, that any applicant who may be refused admittance to examination before said Board shall have his right of action to have such issue tried in the District Court of the county in which some member of the Board shall reside.

Sec. 12. The right herein to practice medicine in this State may be revoked by any court of competent jurisdiction, upon proof of the violation of the law in any respect in regard thereof, or for any cause for which the State Board of Medical Examiners is authorized to refuse to admit persons to its examinations as provided in Section II of this Act; and it shall be the duty of the several district and county attorneys of this State to file and prosecute appropriate judicial proceedings in the name of the State on request of any member of said Board.

Sec. 13. Any person shall be regarded as practicing medicine within the meaning of this Act (1) who shall publicly profess to be a physician or surgeon and shall treat, or offer to treat any disease or disorder, mental or physical, or any physical deformity or injury, by any system or method, or to effect cures thereof. (2) Or who shall treat or offer to treat any disease or disorder, mental or physical, or any physical deformity or injury by any system or method or to effect cures thereof and charge therefor, directly or indirectly, money or other compensation.

Sec. 14. Any person practicing medicine in this State in violation of the provisions of this Act shall, upon conviction thereof, be fined in any sum not less than $50 nor more than $500, and by imprisonment in the county jail for a term not exceeding six months, and each day of such violation shall constitute a separate offense, and in no case shall the violator be entitled to recover anything for the services rendered.

Sec. 15. All certificates heretofore issued by any Board of medical examiners in this State under any former law shall be and continue in full force and effect for one year after this Act shall take effect, but not afterwards, and any person who may, when this Act shall take effect, be practicing medicine within this State under the provisions of existing laws or under any exception contained therein, but without license, may, for one year thereafter, but no longer, continue in such practice, without license; and all such certificates, and all such rights to practice medicine shall be in all respects subject to the provisions of this Act as though issued or acquired under its provisions.

Sec. 16. The terms "physician" and "surgeon," as used in this Act, shall be construed as synonymous, and the terms "practitioners" and "practitioners of medicine," as used in this Act, shall be construed to refer to and include physicians and surgeons.

Sec. 17. All laws and parts of law in conflict with the provisions of this Act be, and the same are hereby repealed.

Sec. 18. The fact that there is now no law properly regulating the practice of medicine in this State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and the same is hereby suspended, and that this Act take effect and be in force from and after its passage.

MEDICAL LAW OF UTAH

Section 1. That Sections 1728, 1729, 1730, 1734, 1735, 1736, 1738 and 1740, Compiled Laws of Utah, 1907, be and the same are hereby amended to read as follows:

1728. There is hereby created a State Board of Medical Examiners, which shall have power to sue and be sued in its official name—the Board of Medical Examiners of the State of Utah. Said Board shall consist of ten members; the attorney general shall be ex-officio one of such members.

The Governor, by and with the consent of the Senate, shall appoint the other nine members, who shall be representatives of the various recognized schools of medicine, and each of whom shall be at the time of his appointment a licensed graduate practitioner of medicine in this state.

At the regular session of the Legislature in 1911, such nine members shall be so appointed, three of whom shall be appointed for the term of six years, and three for the term of four years, and three for the term of two years, and at each regular session of legislature hereafter there shall be in like manner appointed three of such members for the full term of six years. Each person so appointed shall so qualify by taking an oath before a judge of the district court that he is a graduate of a legally chartered medical school and in good standing, and that he will faithfully perform the duties of his office, and thereupon he shall hold his office until his successor is appointed and qualified.

Vacancies in the board shall be filled by appointment by the Governor within one month from the time the vacancy shall occur, and such appointee shall serve until the next ensuing session of the legislature. Said board shall have power to employ legal counsel and clerical assistance, and the money received under this title may be used in defraying expenses incurred by the said board, either in the employment of said legal counsel or clerical assistance or in any other manner whatsoever. Said board of medical examiners shall be deemed a continuation of the present existing Board of Medical Examiners of the State of Utah in all respects whatsoever.

1729. Said board shall organize immediately after its appointment by selecting from its members a president, vice-president, secretary and treasurer. Six members of the board shall constitute a quorum. The board shall have a seal with which it shall attest its official acts. Any member of the board shall have authority to administer oaths, and the board shall have authority to take testimony in all matters relating to the duties of the board. The board shall have power to examine any person of good moral character who furnishes satisfactory proof of having received a degree or diploma from a legally chartered medical college, the requirements whereof shall include the following subjects as required by the board at the present time, namely: Histology, anatomy, physiology, chemistry, toxicology, urinalysis, therapeutics, bacteriology, pathology, theory and practice of medicine, or osteopathy, surgery, obstetrics, materia medica, or osteopathic therapeutics, gynecology, pediatrics, dermatology, hygiene, medical jurisprudence, ophthalmology, otology, rhinology, laryngology. The foregoing showing an aggreate of 3,500 hours and any legally chartered school having the foregoing requirements shall be deemed a recognized school of medicine.

Said applicant shall present a certificate from a high school of the first grade or its equivalent, and shall have furnished evidence of at least two units work in Latin and German. After the year 1916 the applicant shall furnish in addition to the above one year of college work and, if upon examination of such person, the board is satisfied with his educational attainments and that the applicant is qualified to practice medicine and surgery, then the board shall issue a certificate to such person so qualified and examined. The board shall issue two forms of certificates or licenses, one for persons holding such degree or diploma who have been examined and favorably passed upon by the board, and another for persons desiring to practice obstetrics under the provisions of Section 1740. Certificates shall be signed by all members of the board granting them.

1730. The fee for the examination provided for in the last preceding section shall be $25.00, which shall be paid to the secretary of said board at the time of making the application for examination.

1734. Examination may be wholly or partly in writing. Said board must refuse a certificate to any applicant not of good moral character or who has been guilty of unprofessional conduct as defined in this title. But before such refusal, the applicant must be cited by citation signed by the secretary of the board and with its seal. No citation shall be issued except upon sworn complaint filed with the secretary of the board and setting forth such particular acts constituting such immorality and unprofessional conduct. On the filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next regular session of said board, occurring at least thirty days next after the filing of the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of such immorality or such unprofessional conduct shall be heard, the particular immorality or unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer under oath within twenty days next after the service on him of such citation, or default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoena issued by the secretary of the board under its seal, and said secretary shall in no case refuse to issue any such subpoena upon a fee of twenty cents being paid him for each subpoena by the defendent. Said citation and subpoenas, and all of the provisions of the statutes of this state then in force relating to subpoenas provided for therein. In case of the refusal of a witness properly served with subpoena to attend before said board, such refusal may be certified by the secretary of said board to the district court of the county in which service was had and said court shall thereupon issue a subpoena to said witness to appear before it, and in case of further refusal on the part of said witness, the court shall then cite said witness or witnesses to appear before it and show cause why he should not be punished for contempt, and if the court finds upon hearing that said witness has wilfully disobeyed the mandate of the court, it shall then proceed to impose such penalties as are provided for in cases of contempt of court.

1735. Whenever any licensed practitioner of medicine or surgery or obstetric physician is guilty of unprofessional conduct, as the same is defined in this title, then the license or certificate of such a person shall be revoked or cancelled in the manner hereinafter provided by the district court of the county where the holder of such certificate or license practiced at the time of such unprofessional conduct. Proceedings for such cancellation or revocation shall be brought and conducted in the manner provided by law for proceedings in civil cases except as in this title provided. The trial in such proceeding shall be to the court without a jury unless the court shall call an advisory jury. The Board of Medical Examiners of the State of Utah shall be plaintiff and the person charged shall be defendant in any such proceedings. The complaint in such proceeding shall be in writing, verified by oath of one of the members of the board, or any person having knowledge of the facts constituting the unprofessional conduct, and shall pray a decree of the court cancelling and revoking the certificate or license of the defendant and an injunction perpetually enjoining him from practicing medicine or surgery in this state. When, after trial, the defendant is found guilty as charged, or when upon his default, which may be entered as in other civil cases, provided that the facts stated in the complaint constitute unprofessional conduct as defined in this title, then in either such case the court must decree a cancellation or revocation of the certificate or license of the defendant and must enjoin him from practicing medicine or surgery in the state. Upon the entry of such judgment or decree it shall be the duty of the secretary of the said board to file a certified copy of said judgment and decree with the county recorder of the counties in which the certificate of the defendant is recorded, and said recorder must thereupon write on the margin of the said certificate of said defendant the following:

"This certificate was revoked and cancelled by a decree of the district court of giving the day, month and year of such revocation by said court, together with the county wherein said decree was made and entered by said district court. No certificate shall be revoked for unprofessional conduct under this section unless the accused has been guilty thereof within two years next preceding the time of the filing of the complaint charging him with such unprofessional conduct.

1736. The words "unprofessional conduct" as used in this title are hereby defined to mean any of the following acts, to-wit:

1. Offering or attempting to procure or aid or abet in procuring a criminal abortion.

2. The procuring or aiding or abetting in procuring a criminal abortion.

3. The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

4. The wilful betrayal of a professional secret.

5. Any advertising naming diseases of or in relation to the diagnosis or treatment of, or medicine for any abnormal or diseased condition of, or pertaining to the organs of generation.

6. All advertising of medicine or of any means whereby the monthly period of women can be regulated or the menses re-established if suppressed.

7. Conviction of any offense involving moral turpitude.

8. Habitual intemperance or gross immorality.

9. Lending his name to be used as a physician or surgeon by another person who is not a physician or surgeon.

10. Street advertising, soliciting or other public peddling or selling of medical or surgical remedies or appliances in person or by proxy.

11. Prescribing any intoxicating liquor to be used as a beverage.

12. Prescribing morphine or cocaine or other narcotic with intent that the same shall be used otherwise than medicinally or with intent to evade any law in relation to the sale, use or disposition of such drugs.

13. Willful violation of the law in regard to the registration of births and deaths and the reporting of infectious diseases.

1738. Any person shall be regarded as practicing medicine within the meaning of this title, who shall diagnose, treat, operate upon, or prescribe or advise for, any physical or mental ailment or any abnormal, mental or physical condition of another, after having received or with the intent to receive therefor, either directly or indirectly, any fee, gift, compensation or other pecuniary benefit, reward or consideration or who shall hold himself out by means of signs, cards, advertisments or otherwise as a physician or surgeon; provided that nothing in this title shall be construed to prohibit gratuitous services in cases of emergency or the sale or administration of proprietary or domestic family remedies or the sale of appliances, nor to prevent medical officers of the Unite States from the discharge of their official duties nor shall anything in this act be construed to apply to those who heal only by spiritual means wihtout pretending to have a knowledge of the science of medicine; nor to prohibit visiting physicians in the act of consultation.

1740. Persons desiring to practice obstetrics in this state shall be entitled to a license upon passing a satisfactory examination by the Board of Medical Examiners and paying to the treasurer thereof a fee of $15; provided, however, that this section shall not be construed to prevent physicians holding a certificate from practicing obstetrics, or to prohibit such services or the acceptance of a fee in the case of emergency or persons practicing obstetrics in communities where there are no licensed practitioners.

1742. The said board may in its discretion accept and register, upon the payment of the registration fee of $75 without examination of an applicant, any certificate which shall have been issued to him by the board of the District of Columbia, or any state or territorial board for the licensing of practitioners of medicine, surgery, within the meaning of this act, the requirements of which shall at the time of issuing be not less than those of this state; and provided further that the provisions in this paragraph contained shall be held to apply only to such of said examining boards of such states and territories as accept and register the certificates granted by this board without examination by said board of the one holding such certificate. If for any reason the said applicant is denied such license, $50 of the said $75 shall be returned to said applicant.

Sec. 2. Any acts or parts of acts in conflict with this act are hereby repealed.

MEDICAL LAW OF VERMONT

Act 133 of the General Assembly of 1904 entitled "An Act creating a Board of Medical Registration," as amended December 14, 1908, and February 24, 1915, is as follows:

It is hereby enacted by the General Assembly of the State of Vermont:

Section 1. A State Board of Medical Registration is hereby created. Said board shall consist of seven (7) members, three (3) of whom shall be of the regular school of practice; two (2) of the homoeopathic school of practice, and two (2) of the eclectic school of practice, and each shall be a graduate of a legally chartered medical college or university, having the power to confer the degree of medicine and surgery.

Three members of said board shall be appointed for a term of two (2) years, two for four (4) years, and two for six (6) years, and shall be appointed by the Governor in the month of December, 1904, preference in said appointments to be given to the present members of the board of censors of the Vermont Medical Society, Vermont Homoeopathic Medical Society, and the Vermont Eclectic Society.

The term of office of the members of the board shall begin on the fifteenth day of December next following their appointment.

Sec. 2. It shall be the duty of the Governor biennially in the month of November, beginning in 1906, to appoint physicians as members of the Board of Medical Registration, to fill the place of those whose term of office is about to expire, said physicians to be of the same school of practice as the physicians whom they are to succeed on the board, with the same proportion of regular homoeopathic, and eclectic physicians as constituted the original board; they to be graduates of a legally chartered medical college and in active practice of their profession, but no member of said board shall belong to the faculty of any medical college or university.

The appointments as provided in this section shall be made from a list to be nominated by the Vermont Medical Society, Vermont Homoeopathic Medical Society, or Vermont Eclectic Medical Society, according as the term of office of the members representing each of these different schools of practice is about to expire, said list to contain at least twice the number to be appointed.

Such nominations shall be made at the annual meeting of the said medical societies during the year of the biennial session of the legislature. Such nominations shall be certified to by the president and secretary of said societies and transmitted to the Governor not later than the first of November during the biennial session of the general assembly.

In case, however, that no nominations are made by the said medical societies, then the Governor shall appoint such physicians as he may choose, having regard to maintaining the same proportions of regular, homoeopathic and eclectic physicians as constituted the original board.

Vacancies in said board shall be filled by the Governor, and the person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he is to fill, and shall be of the same school of practice.

Any member of the board may be removed from office by the Governor for cause.

Sec. 3. The members of said Board of Medical Examiners shall meet at the state house in Montpelier on the second Tuesday in January, and at Burlington on the second Tuesday in July, and at such other times and places as they may determine for the purpose of examining applicants for a license to practice medicine and surgery in the State, and shall be empowered to issue such license to persons found qualified.

The board may make such rules and regulations not repugnant to the law of the State as may be necessary for the government of the board.

A majority shall constitute a quorum.

Sec. 4. At the first meeting of said board on the second Tuesday of January, 1905, and biennially thereafter, they shall organize by choosing from their numbers a president, secretary, and treasurer, who shall hold their respective offices for two years or until their successors are chosen.

Sec. 5. The secretary shall keep a record of the transactions of the board, and a separate record of the name, residence, college and date of graduation of all persons licensed hereunder.

The treasurer shall receive all fees for licenses issued and keep a just and true account of the same, and shall quarterly make a report to the State Treasurer of all examinations given and licenses granted and pay into the State Treasury all monies received by him for such examinations and licenses.

Sec. 6. Each member of the board shall receive four dollars a day for services rendered and necessary expenses for time spent in examining applicants and granting licenses; provided, that if the amount received by said board for examinations, certificates and licenses is not sufficient to pay the per diem and expenses allowed said board, the auditor of accounts shall allow the expenses of said board in full and such percentage of the per diem that the expense to the State of the board shall not exceed the receipts of said board.

Sec. 7. A person twenty-one years of age and of good moral character, who is a graduate of a legally chartered medical college or university, having power to confer degrees in medicine and surgery, and such medical college or university being recognized as determined by the board, shall, upon payment of a fee of twenty dollars, be entitled to examination, and, if found qualified, shall be licensed to practice medicine and surgery in this State and receive a license signed by the president and secretary of the board.

Provided, however, that students who have completed the studies of anatomy, physiology, chemistry and histology may be examined after presenting a certificate from the secretary of the college in which they are pursuing their studies, that they have completed the work of the second year. The fee which shall accompany such certificate shall be one-half of that for the final examination and shall be credited to the student as a part of the whole fee. Practitioners graduated prior to the year nineteen hundred and one, under a lower standard, who have been five or more years in active reputable practice, may be examined by the board, if of satisfactory moral character, and if recommended as worthy by physicians in good standing. A person refused a license may be re-examined at a regular meeting of the board within one year of the time of such refusal, without an additional fee. Said board may refuse to issue certificates provided for in this section to individuals who have been convicted of the practice of criminal abortion, or who have, by false or fraudulent representations, obtained or sought to obtain practice in their profession, or by false or fraudulent representation of their profession have obtained or sought to obtain money or any other thing of value, or who assume names other than their own, or for any other immoral, unprofessional or dishonorable conduct, and said board may for like causes revoke any certificate issued by itself or the respective board of censors of the Vermont State Medical, the Vermont State Homoeopathic, or the Vermont State Eclectic Medical Societies; provided, that no certificates shall be revoked or refused until the holder or applicant is given a hearing before the board.

The words "unprofessional or dishonorable conduct" as used herein are declared to mean:

(a) Advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons and so be harmful or injurious to the public morals or safety.

(b) Conviction of an offense involving moral turpitude and the record of such conviction shall be conclusive evidence of guilt.

(c) Habitual intemperance.

Sec. 8. The examination shall be wholly or in part in writing, in the English language, and shall be of a practical character, sufficiently strict to test the qualification of the applicant. It shall embrace the general subject of anatomy, physiology, chemistry, pathology, bacteriology, hygiene, practice of medicine, surgery, obstetrics, gynecology, materia medica, therapeutics and legal medicine. Each applicant shall pass a general average of seventy-five per cent, to entitle him to a license; provided, however, that reputable practitioners may be allowed one per cent, for each year of practice, but such allowance shall not exceed ten per cent. Examination in materia medica shall be conducted by the members of the board representing the same school as the applicant.

Each applicant shall pass at least an average of seventy-five per cent to entitle him to a license.

Sec. 9. A person to whom a license certificate is thus issued in order to make it valid shall within thirty days from date thereof, cause the same to be recorded in the office of the Secretary of State, in a book to be provided by said Secretary of State for that purpose, for which the record fee shall be twenty-five cents.

Sec. 10. Any person who shall practice medicine or surgery under a fictitious or assumed name, or who, not being licensed as aforesaid, shall advertise or hold himself out to the public as a physician or surgeon in this State, shall be punished by a fine of not less than fifty dollars, or more than two hundred dollars, or by imprisonment in the House of Correction not more than three months, or both, and no action of any kind shall be had or maintained by any such person in any court in this State for the recovery of any compensation for such services.

Sec. 11. A person who advertises or holds himself out to the public as a physician or surgeon, or who assumes the title or uses the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "M. B." in connection with his name, or any other title intending to imply or designate himself as a practitioner of medicine or surgery in any of its branches, and in connection with such title, shall prescribe, direct, recommend or advise, give or sell for the use of any person, any drug, medicine or other agency or application for the treatment, cure or relief, of any bodily injury, infirmity or disease, or who follows the occupation of treating disease by any system or method, shall be deemed a physician, or practitioner of medicine or surgery for the purposes of this chapter. The provisions of this chapter shall apply to persons professing and attempting to cure disease by means of "faith cure," "mind healing" or "laying on of hands," but shall not apply to persons who merely practice the religious tenets of their church without pretending a knowledge of medicine or surgery.

But the provisions of this section shall not apply to a person, firm or corporation that manufactures or sells patent, compound or proprietary medicines, that are compounded according to the prescription of a physician who has been duly authorized to practice medicine. Nothing, however, in this Act shall in any way affect the provisions of No. 110 of the Acts of 1902 or apply to persons licensed by any other board having legal authority to issue licenses in this State.

Sec. 12. It shall be the duty of the board to investigate all complaints of disregard, non-compliance or violation of the provisions of this Act, and to bring all such cases to the notice of the proper prosecuting officer.

Sec. 13. This chapter shall not apply to persons licensed to practice osteopathy under Chapter 222 nor shall it apply to persons licensed under the laws in force prior to December 9th, 1904, or to persons who resided and practiced medicine in this State for five years previous to December 28th, 1876, or to commissioned officers of the United States army, navy, or marine hospital service, or to any person or persons giving aid, assistance or relief in emergency or accident cases pending the arrival of a regularly licensed physician or surgeon, or to a non-resident physician or surgeon who is called to treat a particular case, and who does not otherwise practice in this State, provided that such non-resident physician or surgeon is duly licensed where he resides and that the State of his residence grants the same privilege to duly licensed practitioners of this State. This chapter shall not prevent a non-resident physician or surgeon from coming into this State for consultation with a duly licensed practitioner herein.

Sec. 14. Said board shall, without examination, issue a license to a reputable physician or surgeon who personally appears and presents a certified copy of a certificate of registration or a license issued to him in a State whose requirements for registration are deemed by said board as equivalent to those of this State, provided that such State accords a like privilege to holders of licenses granted under the laws of this State. The fee for such license shall be fifty dollars.

The standard of requirements for admission to practice in this State, under the preceding section, shall be as follows:

Academic: Preliminary requirements to be a high school education or its equivalent, such as would admit the student to a recognized university. The standards of such secondary school shall be determined by agreement between the educational department of the State in which the applicant received such education and the State Superintendent of Education.

Medical: Four courses of lectures of nine hundred hours each, in four different calendar years prior to graduation from a medical college approved by the board. Practitioners graduated prior to nineteen hundred and one are exempt from this requirement.

Moral: Applicant shall present qualifications as to moral character and professional standing from two reputable physicians in the county in which he resides, and from the town clerk of his place of residence.

Examining: The examination in writing shall have embraced twelve subjects of ninety questions, viz.: anatomy, physiology, chemistry, pathology, bacteriology, hygiene, practice of medicine, surgery, obstetrics, gynecology, materia medica, therapeutics and legal medicine. The general average must have been at least seventy-five per cent, and no license shall be recognized when a lower rating has obtained.

Sec. 15. Sections 4630, 4631, 4632, 4633, 4634, 4635, 4636, 4637, 4638, 4639 and 4640 of the Vermont Statutes and all amendments thereto and all Acts inconsistent with this Act are hereby repealed.

Sec. 16. This Act shall take effect from its passage.

MEDICAL LAW OF VIRGINIA

Chap. 84.—An Act to regulate the practice of medicine and surgery and to repeal all Acts or parts of Acts of the General Assembly of Virginia, and any section or sections of the Code of Virginia in conflict with the provisions thereof, especially an Act entitled an Act to regulate the practice of medicine and surgery in the State of Virginia, approved February 22, 1894, and Sections 1744, 1745, 1746, 1747, 1748, 1749, 1750, 1751 and 1752, of the Code of Virginia of 1887, and all amendments thereto.

Approved February 29, 1916.

Be it enacted by the General Assembly of Virginia as follows:

Section 1. Board of Medical Examiners.—A board, to be known as the Board of Medical Examiners for the State of Virginia, is hereby established, which shall consist of one member from each congressional district in this State, and in addition, five from the State at large, two of whom shall be homoeopathic physicians; provided, however, that on April 1, 1914, the board shall consist of one regular physician from each congressional district, and one homoeopathic and one osteopath from the State at large. The term of office of the members of said board shall be four years, or until their successors are appointed and qualify, and they shall be men learned in medicine and legal and active practitioners in the State of Virginia.

Sec. 2. How Appointed.—The members of the board shall be appointed by the Governor on or before the first day of April, 1914, and every fourth year thereafter, from a list of names to be recommended by the Medical Society of Virginia, except the homeopath and osteopath, who shall be nominated to him by their respective State Medical Society. Vacancies occurring on said board for unexpired terms shall be filled in the same manner, and shall be to fill the unexpired term only. Such recommendations shall be by the votes of a majority present at a meeting of the said societies, and the same shall be certified to the Governor by the president and secretary of such society; provided, however, in case the Governor shall consider any of the persons so recommended unsuitable, he may decline to appoint such person or persons, and communicate the facts to the president of the society presenting the nomination, and such society shall, within ninety days thereafter, make other recommendations in the same manner as hereinbefore provided, which shall stand on the same footing in all respects as those first made; provided, further, if such society shall fail to make such recommendation prior to the time of appointment, or within the ninety days, the Governor shall appoint such board, either in whole or in part, without regard to such recommendations. If any member of the board shall cease to reside in the district from which he was appointed, his office shall be deemed vacant. The Governor may summarily remove any member of the board for misconduct, incapacity or neglect of duty, and he shall be the sole judge of the sufficiency of the cause for removal. The members of the present board shall continue in office until the expiration of their respective terms, April 1, 1914.

Sec. 3. Oaths, Powers, Meetings.—The members of said board shall qualify by taking the usual oath of office before the circuit or corporation court of the county or corporation in which they respectively reside, or before the judge thereof in vacation. The officers of said board shall be a president, vice-president and a secretary (who shall also act as treasurer), said officers to be members of and selected by the said board. Regular meetings of the board shall be held at such times and places as the board shall prescribe, and special meetings may be held upon the call of the president and any five members, but there shall not be less than one regular meeting each year. Five members of the board shall constitute a quorum. The board may prescribe rules and regulations and by-laws for its own proceedings and government and for the examination by its members of candidates for the practice of medicine, including the scope of the said examination. Due notice of such meeting shall be given by publication in such papers as may be selected by the board. The board, or any committee thereof, may employ counsel, shall have the power to compel attendance of witnesses and administer oaths, and may take testimony and proofs concerning all matters within its jurisdiction. No by-law or rule by which the vote of a majority of the board is required for any specified action shall be suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 4. Preservation of Records.—The board shall preserve a record of its proceedings in a book kept for that purpose, which shall show the name, age, place and duration of residence therein of each applicant for a license, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said record shall also show whether applicants were granted a certificate or rejected, and shall be prima facie evidence of all matters contained therein. The secretary of the board shall, on the first day of March of each year, transmit a copy of said record, together with a photograph of each licensee, to the superintendent of the Board of Education of the State of Virginia, for permanent record, and certified copies of the said records, under the hand and seal of the secretary of the board or of the said superintendent, shall be admissible as evidence in all of the courts of this State.

Sec. 5. Registration of Certificates; Duties of Clerks.—Every certificate to practice medicine granted under the provisions of this Act shall, before the licensee begins to practice, thereunder, be presented by him to the clerk of the circuit court of the county or the corporation court of the city wherein such practice is to be carried on. The clerk of each of said courts shall keep a book for the purpose, entitled the "medical register," and set apart one full page therein for the registration of each licensee, and he shall record therein the name, residence, place and date of birth and source, number and date of the license to practice, and the school of practice to which each licensee professes to belong, and each licensee shall subscribe and verify under oath the matters above mentioned when the same have been so recorded, which if wilfully false, shall subject the person so making oath to conviction and punishment for false swearing as provided by law. The fact of such oath and record shall be endorsed by the said clerk upon each certificate presented, and the clerk shall receive the sum of one dollar from each licensee so registered, which shall be his full compensation for all duties required under this Act. The holder of a certificate to practice medicine must have the same recorded upon each change of residence to another county or corporation, and the absence of such record shall be prima facie evidence of the want of possession of such certificate. When any licensee shall die or remove from the county or corporation, or have his certificate revoked, it shall be the duty of said clerk to make a note of the facts at the bottom of the page of the said licensee as closing his record. On the first day of January in each year said clerk shall, on the request of the board, certify to the president thereof a correct list of the licensees then registered in the county or corporation, together with such other information as said board may require. Any clerk, upon conviction of knowingly violating any provision of this Act shall be fined not more than fifty dollars for each offense. A copy of the "medical register" pertaining to any person certified to by a clerk, under seal of court; also a certificate issued by said clerk, certifying that any person named has or has not registered in his office, as required by this Act, shall be admitted as evidence in all courts of this State.

Sec. 6. Registration of Certificates; Verification of Certificates; Duplicate Certificates; Reciprocity.—Within one year after the passage of this Act all licensed practitioners of medicine in this State shall, as above provided, register their certificates to practice medicine, in the office of the clerk of the circuit or corporation court of the county or corporation in which they reside. Legal practitioners of medicine practicing under the provisions of previous laws who have not already received a license from the State Medical Examining Board of this State, shall present to the board documents sufficient to establish the existence and validity of a diploma granted to each by some bona fide college of medicine, or to establish their exemption existing under any law, and shall receive from the said board a verification license, which shall be recorded in the clerk's office of the circuit or corporation court of the county or city in which the licensee resides, as provided above for original licensees, and duly endorsed by said clerk in like manner. Such verification license shall be issued for a fee of fifty cents to all practitioners so qualifying who have not already received a license from a Board of Medical Examiners of this State. It is especially provided that those whose claims to State license rest upon having practiced in the

State previous to the year 1885, shall present to the board satisfactory evidence of having legally practiced medicine in this State before 1885 or if an osteopath, before the year 1903. The board may, at its discretion, arrange for reciprocity with the authorities of other States, Territories and countries having requirements equal to those established by this Act. Certificates may be granted applicants to practice under such reciprocity on payment of a fee of fifty dollars to the secretary of the board. The president may, upon recommendation of reciprocity committee and with the consent of the executive committee, issue certificates to such applicants as are entitled to reciprocity under this Act at any time, whether the board is in session or not. Legal practitioners who have lost their State board certificates must obtain duplicate certificates by furnishing to the secretary of the board satisfactory proofs of the issuance to the individual of the former certificates, and upon payment of a fee of one dollar, and the new certificates when issued must be registered as hereinbefore provided for original licenses.

Sec. 7. Violations, Trial, Powers of Board Refusing Examination.—The State Board of Medical Examiners, or any member thereof, shall have the power at any time to inquire into the identity of any person claiming to be a licensed or registered practitioner, and after due service upon such person of a notice in writing, require him to make reasonable proof, satisfactory to the board, that he is the identical person licensed to practice medicine under the license by virtue of which he claims the right to practice. If, after such inquiry, it is found that the person is practicing wrongfully, or if after due investigation by the above named authorities, or any one of them, any person whatsoever is found to be violating any of the provisions of this Act, it shall be the duty of such investigator to transmit to the commonwealth's attorney of the county or corporation wherein such person resides, or is or has been practicing or attempting to practice, all the evidence in their possession tending to establish such violation of this Act; and it shall be the duty of the said commonwealth's attorney to immediately prosecute such person for violation of this Act, if, in his opinion, the evidence so presented is sufficient to convict, and upon trial the burden of proof shall be upon the defendant to prove his right to practice; and the circuit court of the county wherein the offense is committed shall have original jurisdiction concurrent with the justices of said county in the trial of such person for such offense, and the corporation courts of the several cities of this commonwealth shall have original jurisdiction concurrent with the police justices of such cities. The board may refuse to admit persons to its examinations, or to issue the certificates provided for in this Act, or may revoke any certificate or verification certificate granted by it or by any other Medical Examining Board in this State, in any of the following cases:

(a) A practitioner of medicine or chiropody, who is guilty of any crime or misdemeanor or who is guilty of any fraud or deceit by which he was admitted to practice, or

(b) Is an habitual drunkard or habitually addicted to the use of morphine, opium, cocaine or other drugs having a similar effect; or

(c) Who undertakes or engages in any manner or by any ways or means whatsoever, to procure or perform a criminal abortion, as the same is defined by the law of this State.

Provided, That any applicant who may be refused admittance to examinations before said board, or who may be refused a certificate by said board, or who may have his certificate revoked by said board shall have his right of action to have such issue tried by the circuit court of the county or the corporation court of the city within whose jurisdiction he may reside, and the proceedings to try such issue, shall be begun by the filing of a petition by such person in such court reciting the facts and making the said board the party defendant; whereupon after due service of process upon the member of said board residing in the congressional district in which said county or city is located, at least ten days before the trial, the court shall proceed to try the issue, the burden of proof being upon the petitioner to establish his right to be examined, to be granted certificate or to practice. It shall be the duty of the commonwealth's attorney of the said county or corporation to appear on behalf of the board and to file any answer that he may deem expedient on its behalf, and to defend the said action before the court. The judgment of the court upon the issue tried shall be final. The board, or any member thereof, may investigate any person practicing or attempting to practice, or opening an office for the ostensible purpose of practicing medicine in this State, and may require such person to produce his certificate granted by the board, or document sufficient to establish his right to practice medicine under this Act; and, in case such person fails or refuses to prove his right to practice, the investigator shall report the case to the commonwealth's attorney of the county or corporation wherein such person is practicing or attempting or offering to practice, and it shall be the duty of such commonwealth's attorney to immediately prosecute such person for violating this Act, and upon the trial of such person the burden of proof shall be upon him to establish his right to practice.

Where the license of any person has been revoked, or his registration has been annulled as herein provided, the board may, after the expiration of twelve months, upon the payment of a fee of five dollars, entertain an application for a new license, and in like manner as original applications for licenses are entertained, and upon such new application they may, in their discretion, exempt the applicant from the necessity of undergoing an examination.

8. Admission to Examination; Power of Board.—All applicants for certificates to practice medicine in this State after the passage of this Act must successfully pass an examination before the Board of Medical Examiners established by this Act. The said board shall admit to examination any candidate who pays a fee of twenty-five dollars, and submits evidence verified by affidavit and satisfactory to the board that he:

(a) Is twenty-one years of age or more.

(b) Is of good moral character.

(c) Had prior to the beginning of his first year of medical study the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State. This preliminary education shall meet the requirements of the Board of Education of the State of Virginia, and a certified statement from the superintendent of said board shall accompany the candidate's application.

(d) Has studied medicine not less than four school years, including four satisfactory courses of at least eight months each in four different calendar years in a medical school registered as maintaining a standard satisfactory to the State Board of Education. Virginia medical schools and Virginia medical students shall not be discriminated against by the registration of any medical school outside of the State whose minimum graduation standard is less than that fixed by statute for Virginia medical schools. The above clause of sub-section (d) shall not apply until April 1, 1914.

The board may in their discretion accept as the equivalent of the first year of requirement (d), evidence of graduation from a registered college course, provided that such college course shall not have included less than the minimum requirements prescribed by the board and by the State Board of Education for such admissions to advanced standing.

The board may also, at their discretion, admit conditionally to the examination in anatomy and histology, physiology and chemistry, applicants nineteen years of age, or more, certified as having studied medicine at some registered medical college not less than two years, including two satisfactory courses of at least eight months each, in two different calendar years, and having passed in all of those medical branches at the said college, but the said college must be registered as maintaining at the time a standard satisfactory to the State Board of Education; provided, further, that such applicant must meet requirements (b and c).

The board may also, at their discretion, accept as equivalent of any part of requirements (c and d), five or more years of legal and reputable practice, and such candidate shall be exempted from taking the examinations in anatomy, histology, physiology, and chemistry.

(e) Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country, unless admitted conditionally to the examinations as specified above, in which case all qualifications, including the full period of study, the medical degree and the final examinations must be met. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it a certificate of the State Board of Education that before beginning the first annual medical course counted toward the degree, he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the State Board of Education as fully equivalent, or held a State Board of Education medical certificate, or passed State Board of Education examinations, securing sufficient academic counts, in accordance with the standard of the Association of American Medical Colleges, or their full equivalent, before beginning the first annual medical course counted toward the degree; provided, however, that when an applicant has failed to pass a satisfactory examination, he may appear before the board again once within one year without paying an additional fee; provided, that any person who shall produce before the said Examining Board a certificate from the judge of the circuit court and the commonwealth's attorney of the county in which he resides, stating that in their opinion, from evidence produced before them, he was a practicing physician in Virginia prior to the first day of January, 1895, then said Examining Board shall give to said person a certificate allowing said person to practice medicine in Virginia.

Sec. 9. Expenditure of Funds.—The funds realized from all fees collected by the board shall be applied first to the payment of the necessary expenses of the board; and remaining funds shall be applied by order of the board for the compensation of the members of the board in proportion to their labors.

Sec. 10. Conduct of Examinations.—All examinations shall be conducted in writing, together with practical tests, when the majority of the board may deem necessary, in such manner as shall be entirely fair and impartial to all individuals and every school of medicine, the applicants being known by numbers, without names or other method of identification on examination papers by which, members of the board may be able to identify such papers until after the applicants have been granted certificates or rejected. Upon satisfactory examination, under the rules of the board, applicants shall be granted certificates to practice medicine. All certificates shall be attested by the signature and seal of the president and secretary of the board, respectively.

Sec. 11. Exemptions from Examination; Exceptions.—Nothing in this Act shall be construed to affect commissioned or contract medical officers serving in the United States army, navy or public health and marine hospital service, while so commissioned and in the performance of their duties, but such shall not engage in private practice without license from the Board of Medical Examiners of the State and the board may issue certificates of qualification without examination to medical officers in the public service of the United States on presentation of satisfactory credentials. On the face of these certificates it must appear that they were issued pro forma, and without examination. This shall not affect any person while actually serving without salary or professional fees on the resident medical staff of any legally incorporated hospital, or any legally registered dentist exclusively engaged in practicing dentistry; or any non-itinerant person or manufacturer who mechanically fits or sells lenses, artificial eyes, limbs or other apparatus or appliances, or is engaged in the mechanical examination of eyes for the purpose of adjusting spectacles, eye-glasses or lenses; or any lawfully qualified practitioner from other States, Territories or counties meeting legally registered practitioners in this State in consultation, but who does not open offices or appoint places in this State where patients may be met or called to be seen; or to limit in any way the manufacture or sale of proprietary medicines by licensed druggists in this State; or to the furnishing of medical assistance in cases of emergency; or to the domestic administration of family remedies; or to the practice of the religious tenets of any church in the ministration to the sick or suffering by mental or spiritual means without the use of any drug or material remedy, whether gratuitously or for compensation, provided sanitary laws are complied with; or to affect or interfere in any way with the operation of any hospital now established in this State; or to any person while engaged in conducting such hospital now established, if there be a licensed practitioner resident or practicing therein; or to any person who commenced the practice of osteopathy in this State prior to January 1, 1903; or to any person who commenced the practice of chiropody in this State prior to January 1, 1916; or to any person who commenced the practice of chiropractic in the State prior to January 1, 1913; or to nurses who practice nursing only; or to masseurs, in their particular sphere of labor, who publicly represent themselves as such. construed to apply to persons not pretending to be physicians, who offer for sale on the streets or other public places or leave gratuitously at residences, remedies which they recommend for the healing or curing of disease. This article shall be construed to repeal all Acts or parts of Acts authorizing conferment of any degree in medicine causa honoris or ad cundem gradum or otherwise than on students duly graduated after satisfactory completion of a preliminary medical course, not less than that required by this article as a condition of license. It is further provided that graduates of any sectarian school of medicine who profess to practice medicine according to the tenets of said schools shall fulfill all the conditions of the board and of the State Board of Education, save that they may be exempted from taking the examination of the regulars on practice of medicine, materia medica and therapeutics. A license to practice such sectarian school of medicine shall not permit the holder thereof to administer drugs or practice surgery unless he has qualified himself so to do by examination before the board, nor shall it permit members of such sectarian schools now practicing in this State to perform surgery with the use of instruments unless they satisfy the board that they have had adequate clinical facilities at their respective colleges of graduation, or by hospital work, to enable them to perform such operations.

It is further provided that chiropodists shall take the special examination as provided by the section to regulate chiropody and be limited in their practice according to the provisions of that Act.

11-b. All legal practitioners of chiropody in the State of Virginia who, upon investigation, are found to be twenty-one years of age, and are of good moral character at the time of the enforcement of such provision in the Medical Act of 1916, or supplements thereto, concerning the practice of chiropody, shall furnish to the State Board of Medical Examiners, such other information as may be deemed advisable, establish the proper record on forms provided by said board and shall submit evidence verified by oath; if requirements are to the satisfaction of the said board, shall, upon payment of five dollars, be issued a certificate to practice chiropody in the State of Virginia. The certificate shall be filed in the county clerk's office upon payment of one dollar. Books and other forms must be provided for the proper registrations. Certificates must be displayed in a conspicuous place.

11-c. All persons desiring to practice chiropody in the State of Virginia, except those in Section 11-b, will be required to be examined by the State Board of Medical Examiners on the following subjects: Anatomy and physiology of the feet, materia medica, therapeutics, chemistry, minor surgery, pathology and bandaging, and shall submit evidence, verified by oath, to the board, that they are twenty-one years of age or over, of good moral character and have been graduated from a school of chiropody, or equivalent institution recognized by said board, having a minimum requirement of one year's course of at least eight months. That the educational requirements admitting persons to take examinations are to be equivalent to a grammar school and one year high school course, this to be improved upon later if the board thinks necessary. Places at which examinations will be held and dates to be named by the State Board of Medical Examiners. The fee charged for examinations shall be twenty dollars.

Sec. 12. Definition of Practice of Medicine.—Any person shall be regarded as practicing medicine within the meaning of this Act (1) who opens an office for such purpose, or announces to the public in any way a readiness to practice medicine in any county or city of the State, or prescribe for, or give surgical assistance, heals, cures, or relieves those suffering from injury or deformity or disease of mind or body, or advertises, or announces to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body for a compensation; (2) or who shall use in connection with his name the words or letters "Dr.," "Doctor," "Professor," "M. D." or "Healer," or any other title, word, letter or designation intending to imply or designate him as a practitioner of medicine in any of its branches, or of being able to heal, cure, or relieve those who may be suffering from injury or deformity or disease of mind or body. This section shall also apply to corporations.

12-a. Definition of the word chiropody shall, for the purpose of this Act, be held to be the medical, mechanical or surgical treatment of the local ailments of the human hand or foot, except the correction of deformities through the use of the knife, amputation of the foot, hand, toes, fingers, or incisions involving deep structures, or the use of anesthetics other than local.

13. Penalties.—Any person practicing medicine or chiropody in this State in violation of the provisions of this Act, or otherwise violating the same, shall, upon conviction thereof, be fined not less than fifty dollars nor more than five hundred dollars for each offense, and in addition may be imprisoned in the jail of the county or corporation in which convicted, for a term not exceeding six months, and each day of such violation shall constitute a separate offense; and in no case shall the violator be entitled to recover anything for the services rendered. And it shall be the duty of the clerk of the circuit court of the county, or the clerk of the corporation court of the city wherein such conviction is had, to report the fact of the same to the Board of Medical Examiners, who shall thereupon annul the license of the person convicted, if said person was a licensed practitioner.

Sec. 14. All Acts or parts of Acts of the General Assembly of Virginia, and any section or sections of the Code of Virginia in conflict with the provisions hereof, especially an Act entitled an Act to regulate the practice of medicine and surgery in the State of Virginia, approved February 22, 1894, and Sections 1744, 1745, 1746, 1747, 1748, 1749, 1750, 1751, 1752, of the Code of Virginia, of 1887, and all amendments thereto, are hereby repealed.

Sec. 15. Owing to the fact that there is an immediate necessity for the going into effect of this Act in order to properly regulate the practice of medicine in the State of Virginia, an emergency is declared to exist, and this Act shall be in force from its passage.

MEDICAL LAW OF WASHINGTON

Chapter 192, Session Laws, 1909, State of Washington (H. B. 144).

An Act for the regulation of the practice of medicine and surgery, osteopathy, and other systems or modes of treating the sick or afflicted, in the State of Washington, and for the appointment of a board of medical examiners, in the matter of said regulation, and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. The governor shall appoint a board of medical examiners to be known as the Board of Medical Examiners of the State of Washington, consisting of nine members, who shall be appointed as follows: Five members from the regular profession, two from the homeopathic profession, and two from the osteopathic profession. The osteopathic members shall be graduates only of a regular osteopathic college. The appointment of each member shall be for a term of three years, and until his successor is appointed and qualified; provided, that no member shall serve more than two consecutive terms. It shall require the affirmative vote of a majority of the members of said board to carry any motion or resolution, to adopt any rule, to pass any measure, or to authorize the issuance of any certificate as in this act provided.

Sec. 2. Each member of said board shall, before entering upon the duties of his office take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and surgery or osteopathy, and a licensed practitioner of medicine and surgery, or osteopathy, of this state; providing, that the osteopathic members of the board first appointed under this act shall not have been licensed for any previous examining board of this state. The president and secretary shall be empowered to administer the oath of office.

Sec. 3. Said board shall be organized on or before the second Tuesday of June, 1909, by electing from its members a president, vice-president, secretary and treasurer, who shall hold their respective positions during the pleasure of said board. Said board shall hold its regular meetings on the first Tuesday of January and July of each year, alternating between the eastern and western part of the State of Washington. Special meetings of the board may be held at such time and place as the board may designate.

Sec. 4. Any person who treats the sick or afflicted may register his or her diploma with the board of medical examiners, and receive a license to practice his or her respective mode of treatment, by paying a fee of ten dollars, which fee shall go towards defraying the expenses of said board; provided, that he or she show evidence satisfactory to said board that he or she has been legally engaged in such practice prior to the passage of this act, in the State of Washington, and is a graduate of a legally incorporated school or college teaching the system or mode of treatment which the applicant intends or claims to follow, wherein the course comprises actual attendance and completion of two years of ten months each, or four terms of five months each, and the curriculum of study includes instruction in the following branches, to-wit: Anatomy, physiology, chemistry and toxicology, bacteriology, gynecology and obstetrics, histology, hygiene, pathology and general diagnosis; or by having been in continous practice in one locality in this State for the past two years; and all such persons shall be granted thirty days after the organization of said board to make such application and furnish such evidence, after which time all persons desiring to treat the sick shall first take the examination as provided by this law. .

It shall be the duty of every holder of a license from the State Board of Medical Examiners to exhibit his or her license to any resident of this State who may request to see the same, and any person refusing or failing so to do, or who shall exhibit any such license as his or her own, in response to such request, when such license has not been issued to him or her, shall be guilty of a misdemeanor.

Sec. 5. Said board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this act.

Sec. 6. Three forms of certificates shall be issued by said board under the seal thereof, and signed by the president and secretary: First, a certificate authorizing the holder thereof to practice medicine and surgery; second, a certificate authorizing the holder thereof to practice osteopathy; third, a cerificate authorizing the holder thereof to practice any other system or mode of traeting the sick or afflicted not referred to in this section.

In order to procure a certificate to practice medicine and surgery, the applicant for such certificate must file with said board at least two weeks prior to a regular meeting thereof, satisfactory testimonials of good moral character, and a diploma issued by some legally chartered medical school, the requirements of which shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, or satisfactory evidence of having possessed such diploma, and he must file with such diploma an application sworn to before some person authorized to administer oaths, and attested by the hand and seal of such officer, if he have a seal, stating that he is the person named in said diploma, that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination, without fraud or misrepresentation. The said application shall be made upon a blank furnished by said board, and it shall contain information concerning the medical instruction and the preliminary education of the applicant as said board may by rule provide. Applicants who have failed to meet the requirements must be rejected. Applicants for a certificate to practice osteopathy shall be subject to the above regulation, except that in place of a diploma hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of osteopathy, having a course of instruction of at least twenty months, requiring actual attendance, and after 1909, of three years of nine months each, and including the studies examined upon under this act. Applicants for a certificate to practice any other system or mode of treatment not in this act referred to shall be subject to the above regulations, except that in the place of the diplomas hereinbefore referred to, they shall be required to file a diploma from a legally chartered college of the system or mode of treatment which the applicant claims or intends to follow.

In addition to the requirements above set forth, such applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant's fitness to practice his profession, and shall be, in whole or in part, in writing on the following fundamental subjects, to-wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry and toxicology, physiology, obstetrics, general diagnosis and hygiene. Examinations in each subject shall consist of not less than ten questions, none of which shall relate to treatment, answers to which shall be marked upon a scale of zero to ten. But all applicants must obtain not less than sixty per cent. in any one subject; provided, that applicants who can show at least ten years of reputable practice shall be granted a credit of five per cent. upon the general average, and five per cent. additional for each subsequent ten years of such practice.

The examination papers shall form a part of the records of the board and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application.

Sec. 7. Each applicant on making application shall pay the secretary of the board a fee of twenty-five dollars ($25.00), which shall be paid to the treasurer of the board by said secretary and used to defray the expenses and compensation of said board. In case the applicant's credentials are insufficient, or in case he does not desire to take the examinations, the sum of fifteen dollars ($15.00) will be returned on application.

Sec. 8. Said board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, with the result of each application. Said record shall be evidence of all the proceedings of said board which are set forth therein.

Sec. 9. Every person holding a certificate authorizing him to practice medicine and surgery or osteopathy or any other system or mode of treating the sick or afflicted, in this state, must have it recorded in the office of the county clerk of the county in which the holder of said certificate is practicing his profession, and the fact of such recording shall be endorsed on the certificate by the county clerk recording the same. Every such person, on each change of residence, must have the certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate to practice medicine and surgery or osteopathy, or any other system or mode of treating the sick or afflicted in this state, or to attempt to practice medicine or surgery or osteopathy, or any other system or mode of treating the sick or afflicted, in this state, without first having filed his certificate with the county clerk as herein provided shall be deemed guilty of a misdemeanor.

Sec. 10. The county clerk shall keep in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Sec. 11. Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular act constituting such unprofessional conduct. On filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next regular session of the board, occurring at least thirty days next atfer

filing the complaint. Such citation shall notify the applicant of the time and place when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after service upon him of said citation, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoenas issued by the secretary of the board under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of citations and subpoenas generally and all provisions of the statutes of this state then in force relating to subpoenas are hereby made applicable to the subpoenas provided for therein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said borad, under the seal thereof, to the superior court of the county in which the service was had and the said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempt for disobedience of process of the court, and should said court find that the subpoena has been legally served and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, testimonies of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of testimony are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, to that end, shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the grounds of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certifiacte herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and said unprofessional conduct has been brought to the attention of the board granting said certificates, in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine and surgery, or osteopathy, or any other system or mode of treating the sick or afflicted in this state. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of revocation shall enter on his register the fact of such revocation and shall certify the fact of such revocation under the seal of the board, to the county clerk of the counties in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of certificate of such person, the following: "This ceritificate was revoked on the........day of...............," giving the day, month and year of revocation in accordance with certification to him by secretary. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of said regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery, osteopathy, or any other system or mode of treating the sick or afflicted, in this state.

The words "unprofessional conduct," as used in this act, are hereby declared to mean:

First. The procuring, or aiding or abetting in procuring a criminal abortion.

Second. The wilfully betraying of a professional secret.

Third. All advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to public morals or safety.

Fourth. All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Fifth. Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth. Habitual intemperance.

Seventh. The personation of another licensed practitioner of a like or different name.

Sec. 12. In any case of the refusal or revocation of a license by said board under the provisions of this act, said board shall file a brief and concise statement of the grounds and reasons for such refusal or revocation in the office of the secretary of said board, which said statement, together with the decision of said board in writing, shall remain a record in said office.

Sec. 13. In any case of the refusal or revocation of a license by said board under the provisions of this act, the applicant whose application shall be so refused, and the licentiate whose license shall be so revoked by said board, shall have the right to appeal from the decision so refusing or revoking such license within thirty days after the filing of such decision in the office of the secretary of said board, as hereinbefore in this act provided. Such appeal shall be to the superior court in and for the county in which was held the last general meeting of said board, prior to the refusal of such license, in the case of such refusal; and to the superior court in and for the county in which the hearing was had upon which such license was revoked, in case of such revocation. In any case a person desiring to take such appeal shall serve or cause to be served, upon the secretary of said board, a written notice of such appeal, which shall contain a statement of the grounds of such appeal, and shall file in the office of such secretary an appeal bond, with good and sufficient surety, to be approved by said secretary, to the State of Washington, conditioned for the speedy prosecution of such appeal, and the payment of such cost as may be adjudged against him upon such appeal. Said secretary shall within ten (10) days after the service of said notice of appeal, and the filing and approval of said appeal bond, transmit to the clerk of the superior court to which such appeal is taken, a certified copy, under the seal of said board, of the decision of said board, and the grounds thereof in the case of the refusal of the license; and in addition thereto, a certified copy under such seal of the complaint in the case of the revocation of a license, together with the bond and notice of appeal. The clerk of such court shall thereupon docket such appeal causes, and they shall stand for trial in all respects as ordinary civil actions, and like proceedings be had thereon. Upon such appeal said cause shall be tried de novo. Either party may appeal from the judgment of said superior court to the supreme court of the state in like manner as in civil actions within sixty (60) days after the rendition and entry of such judgment in said superior court. If such judgment shall be in favor of the party appealing from the decision of said board, and in case said examining board does not appeal from said judgment within said sixty (60) days, then, and in that case, said board shall, at the end of said sixty (60) days, and immediately upon the expiration thereof, issue to such successful party the usual license to practice medicine and surgery in this state, and in addition thereto, shall reinstate upon the records of said board the name of such successful applicant, in case of the revocation of his license by such board. In case of such appeal to the supreme court by said board, no such license shall be issued nor reinstatement be required until the final determination of said cause, and as hereinafter provided. In case the final decision of the supreme court be against said medical examining board, then, and in that case, said court shall make such order in the premises as may be necessary, and said board shall act accordingly: Provided, That in no case shall an appeal bond be required of said board, nor shall any costs be adjudged or taxed against the same.

Sec. 14. Any person who shall practice or attempt to practice, or hold himself out as practicing medicine and surgery, osteopathy, or any other system or mode of treating the sick or afflicted in this state, without having, at the time of so doing, a valid, unrevoked cerificate as provided in this act, shall be guilty of a misdemeanor. In each such conviction the fine shall be paid, when collected, to the State Treasurer, and shall constitute a special fund for the prosecution of illegal practitioners as defined in this act, the said fund to be paid to the said board upon warrants drawn therefor by its secretary, and the said board is authorized to prosecute all persons guilty of a violation of the provisions of this act.

Sec. 15. Every person filing for record, or attempting to file for record, the certificate issued to another, falsely claiming himself to be the person named in such certificate, or falsely claiming himself to be the person entitled to the same shall be guilty of a felony, and, upon conviction thereof, shall be subject to such penalties as are provided by the laws of this state for the crime of forgery.

Sec. 16. Any person assuming to act as a member of the State Board of Medical Examiners without so being, or who shall sign or subscribe, or issue or cause to be issued, or seal, or cause to be sealed, a certificate authorizing any person to practice medicine or surgery, or osteopathy, or any other system or mode of treating the sick or afflicted, in this state, shall be guilty of a misdemeanor.

Sec. 17. Any person who holds a license from the board of medical examiners heretofore existing, under the provisions of any laws of this state, past or present, shall be entitled to practice medicine and surgery in this state the same as if issued under this act: Provided, however, That all licenses herein mentioned may be revoked for unprofessional conduct, in the same manner and upon the same grounds as if issued under this act.

Sec. 18. All persons granted licenses or certificates under this act, shall be subject to the state and municipal regulations relating to the control of contagious diseases, the reporting and certifying to births and deaths, and all matters pertaining to public health; and all such reports shall be accepted as legal.

Sec. 19. Nothing in this act shall be construed as to inhibit service in the case of emergency, or to the domestic administration of family remedies; nor shall this act apply to any commissioned medical officer in the United States army, navy, or marine hospital service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry; nor shall this act apply to any practitioner from any other state or territory in which he resides; Provided, That such practitioner shall not open an office or appoint a place of meeting patients or receive calls within the limits of this state. Nor shall this act be construed to discriminate against any particular school of medicine or surgery or osteopathy, or any system or mode of treating the sick or afflicted, or to interfere in any way with the practice of religion: Provided, That nothing herein shall be held to apply or to regulate any kind of treatment by prayer.

Sec. 20. All persons receiving a certificate or license under this act shall use no deception in the use of titles of his or her mode of treating the sick, but shall use only such titles as are designated by his or her diploma; or those not having a diploma shall use only such title as he or she holds license to practice. Any person violating this section of this act shall be guilty of a misdemeanor.

Sec. 21. The words "certificates" and "licenses" shall be known as interchangeable terms in this act.

Sec. 22. All acts, or parts of acts, in any wise conflicting with the provisions of this act, are hereby repealed.

Sec. 23. An emergency exists and this act shall take effect immediately.

MEDICAL LAW OF WEST VIRGINIA

Section 1. There is hereby created and established a state department of health, which shall be constituted as provided in this act, and shall exercise all the powers and duties now conferred and imposed by law upon the state board of health, and such other powers and duties as are herein provided for.

The state department of health shall consist of a commissioner of health, whose office shall be located at the seat of government; a public health council, of which the commissioner shall be an ex-officio member; directors of divisions, and other employees as herein provided for.

Sec. 2. The commissioner of health shall be appointed by the governor, by and with the consent of the senate, and shall be a physician skilled in sanitary science, and experienced in public health administration. The term of office of the commissioner of health shall be four years; he shall receive an annual salary of three thousand dollars and necessary expenses incurred in the performance of official business, and shall not engage in any other occupation or business.

Sec. 3. The public health council shall consist of the commissioner of health and six other members, who shall be appointed by the governor, by and with the consent of the senate. Said commissioner and other members shall be graduates of a regular medical school and shall have had at least five year's experience in the practice of medicine. Of the members, other than the commissioner first appointed, three shall hold office for two years, and three for four years, the terms of office of members thereafter appointed, except to fill vacancies, shall be four years. Vacancies shall be filled by appointment for the unexpired term. The public health council shall meet at least twice a year, and at such other times as they shall determine by their rules, or upon the request of the commissioner of health, the members, other than the commission, to receive ten dollars per diem, not to exceed sixty days in any one calendar year, and actual and necessary traveling expenses, when engaged in the actual discharge of their duties.

The public health council shall elect one of its members president, whose term of office shall be two years. The commissioner of health shall be secretary of the public health council.

It shall be the duty of the public health council to promulgate rules and regulations; take evidence in appeals; approve plans and appointments; hold hearings; advise with the commissioner of health; define the qualifications of local health authorities, and directors of divisions and said directors of divisions shall be graduates of reputable colleges and discharge other like duties required by law of the present state board of health.

The public health council shall have power, by the affirmative vote of the majority of its members, to establish and from time to time, amend regulations under the public health laws, the enforcement of which devolves upon the state commissioner of health.

Every general regulation adopted by the public health council shall state the day on which it takes effect, and a copy thereof, duly signed by the commission of health, shall be filed in the office of the secretary of state, and a copy thereof shall be sent by the commissioner of health to each health officer within the state, and shall be published in such manner as the public health council may determine. Any violation of the regulations so promulgated when said regulations are reasonable and not inconsistent with the law shall be a misdemeanor, and punishable by a fine of not less than ten dollars nor more than three hundred dollars, and by imprisonment, in the discretion of the court for not more than thirty days in the county jail.

Sections of Senate Bill No. 129, approved February 26, 1915.

Sec. 4386—9. The following persons and no others shall hereafter be permitted to practice medicine in this state:

1st. All such persons as shall be legally entitled to practice medicine in this state at the time of the passage of this act.

2nd. All such persons as shall be graduates of a reputable medical college, recognized as such by the state board of health, who shall pass an examination before said state board of health and shall receive certificates therefrom, as hereinafter provided; Provided, also, that the state board of health, or a majority of them, may accept in lieu of an examination, the certificate of license to practice medicine legally granted by the board of registration or examination or licensing board of any other state, territory, or any foreign country whose standard of qualification for the practice of medicine is equivalent to that of this state, and grant to the said applicant a certificate of license to practice medicine in this state; Provided, such states, territories, or foreign countries accord like privilege to medical licentiates of this state. The state board of health shall, at such times as a majority of them may deem proper, hold examinations for the licensing of practitioners of medicine. Such examinations shall not be less in number than three during each year, and shall be held at such points in the state as shall be most convenient to those presenting themselves for examination, or to the state board of health. At such examinations, written and oral questions shall be submitted to the applicants for license, covering all the essential branches of the sciences of medicine and surgery, and the examination shall be a thorough and decisive test of the knowledge and ability of the applicants. The president and secretary of the state board of health shall issue certificates to all who successfully pass the said examination, and to all those whose certificates said board of health or a majority of them shall accept in lieu of an examination as hereinbefore provided, except that in the certificate issued to applicants who adhere to the osteopathic school it shall appear that it is for the practice of osteopathy, and such certificates, after being duly recorded as hereinafter provided, shall be deemed licensed to practice medicine, surgery and osteopathy in all their branches in this state. The state board of health shall give timely notice of the time and place of holding each such examination, by publishing such notice in at least three newspapers of general circulation in this state, and all such persons wishing to present themselves for examination shall notify the secretary and comply with the rules of the state board of health. No applicant for license to practice medicine in this state shall be rejected because of his or her adherence to any particular school or theory of medicine. The state board of health shall call to their assistance, in the examination of any applicant who professes the homeopathic, or osteopathic, or eclectic school of medicine, a homeopathic, osteopathic, or eclectic physician entitled to practice medicine in this state under this act, and such homeopathic, osteopathic, or eclectic physician so called to the assistance of the state board of health shall be allowed the per diem and actual expenses incurred hereinafter allowed to regular members of the state board of health; Provided, however, that the provisions of this and the preceding section shall not apply to physicians living in other states and duly qualified to practice medicine therein, who shall be called into consultation into this state by a physician legally entitled to practice medicine in this state under this chapter, and provided further that the provisions of this chapter shall not apply to females practicing midwifery, or to commissioned officers of the United States army and navy and marine hospital service when in the actual discharge of their duties as such commissioned officers; Provided, further, that this act shall not apply to osteopathic physicians practicing in the state at the time this act takes effect who are graduates of any recognized reputable school of osteopathy.

Sec. 4387—10. Every person holding any such certificate, as is hereinbefore provided for, shall have the same recorded in the office of the secretary of the state board of health, in a book to be kept by him for that purpose, and the secretary shall endorse on said certificate the fact of such recordation and deliver the same to the person named therein or to his order. The state board of health may refuse certificates to individuals guilty of malpractice or dishonorable conduct, and they may revoke certificates for like causes. Such revocation being after due notice and trial by the board of health, with right of appeal to the circuit court of the county in which such individual resides; but no such refusal or revocation shall be had or made by reason of the individual belonging to or practicing in any particular school or system of medicine.

Sec. 4388—11. Every person, on presenting himself for examination as hereinbefore provided, shall pay to the state board of health, or to the members thereof by whom he is examined, a fee of ten dollars, which shall not be returned if a certificate be refused him. But he may again at any time within one year after such refusal present himself for examination as aforesaid, without the payment of an additional fee, and if a certificate be again refused him he may as often as he sees fit thereafter, on the payment of a fee of ten dollars, be examined as herein provided, until he obtains such certificate. All other persons who shall be granted a license to practice medicine in this state under the provisions of section nine of this chapter shall each pay a fee of twenty-five dollars to the state board of health.

Section twelve of chapter one hundred and fifty of the Code of nineteen hundred and six is hereby repealed.

Sec. 4390—13. Any person shall be regarded as practicing medicine, within the meaning of this chapter, who shall profess publicly to be a physician, and to prescribe for the sick or who shall append to his name the letters "M. D." This act shall also apply to apothecaries and pharmacists who prescribe for the sick. This act shall not apply to commissioned officers of the United States army and navy and marine hospital service.

Sec. 4391—14. Any itinerant physician desiring to practice medicine in this State, or any itinerant vendor of any drug, nostrum, ointment, or appliance of any kind, intended for the treatment of disease or injuries; or who shall by writing or printing, or in any other method, publicly profess to cure or treat diseases, injuries or deformities, by any drug, nostrum, manipulation, or other expedient, shall before doing so, pay to the sheriff of every county in which he desires to practice, a special tax of fifty dollars for each month or fraction of a month he shall so practice in such county, and take his receipt in duplicate therefor. He shall present said receipt to the clerk of the county court of such county, who shall file and preserve one of them in his office, and shall endorse on the other the words, "A duplicate of this receipt has been filed in my office," and sign the same; and if any such physician or vendor of patent medicines shall practice or attempt to practice in any such county without having paid such tax and filed such receipt with the clerk of the county court, and obtained his endorsement on the other as aforesaid, or if he shall practice or attempt to practice for a longer time than for which he has paid such tax as aforesaid, he shall be guilty of a misdemeanor, and shall be fined not less than one hundred nor more than five hundred dollars. Any person who shall travel from place to place, and by writing, printing or otherwise, publicly profess to cure or treat diseases, injuries or deformities, shall be held and deemed to be an itinerant physician and subject to the taxes, fines and penalties prescribed in this section.

Sec. 4392—15. If any person shall practice, or attempt to practice medicine, surgery or obstetrics in this State, without having complied with the provisions of section nine of this chapter, except as herein provided, he shall be guilty of a misdemeanor and fined for every such offense, not less than fifty nor more than five hundred dollars, or imprisoned in the county jail not less than one month nor more than twelve months, or be punished by both such fine and imprisonment, at the discretion of the court. And if any person shall file or attempt to file, as his own, the dpiloma or certificate of another, or shall file or attempt to file a false or forged affidavit of his identity, or shall wilfully swear falsely to any question which may be propounded to him on examination, as herein provided for, or to any affidavit herein required to be made or filed by him, he shall, upon conviction thereof, be confined in the penitentiary not less than one nor more than three years, or imprisoned in the county jail not less than six nor more than twelve months, and fined not less than one hundred or more than five hundred dollars, at the discretion of the court.

Sec. 4393—16. The secretary of the state board of health shall receive a salary to be fixed by the board, but not to exceed the sum of five hundred dollars; he shall also receive his traveling and other necessary expenses incurred in the performance of his official duties within the limits of this state, not to exceed, however, one hundred dollars. The other members of said board shall each receive four dollars per day for each day actually and necessarily employed by them in the discharge of the duties of their office. But the whole of the expenses so incurred, the salary of the secretary, and the per diem of the members of the board shall not exceed the sum of fifteen hundred dollars in any one year. The state board shall audit all bills made out in due form, and verified by the members rendering the service, or incurring the expense or traveling in the performance of the duties of his office. Such bills, when approved by the governor, shall be paid out of the state treasury.

Sec. 4394—17. All moneys received by the state board of health, or any of its members, in payment for fees for examination, as well as the special taxes received by the sheriff under the provisions of section fourteen of this chapter, shall be paid into the state treasury within one month after the same are received. And it shall be the duty of the secretary of the state board of health, on the first days of January and July in each year, or within five days thereafter, to certify to the auditor all such moneys received by said board, or by any member thereof, during the preceding six months. It shall also be the duty of the clerk of every county court on the same days in each year, or within five days thereafter, to certify to the auditor all moneys received by the sheriff under this chapter, shown by the receipts filed in his office as required by section fourteen of this chapter, and any such secretary or clerk who shall fail to comply with the provisions of this section, shall be guilty of a misdemeanor and fined for each offense not less than fifty nor more than two hundred dollars. And if any member of the state board of health shall fail to account for and pay into the treasury, as herein required, any moneys received by him as aforesaid, he shall be guilty of a misdemeanor and fined double the amount of the moneys so received and which he has failed to pay as aforesaid. All moneys received from the state board of health as fees for examination under section eleven of this act, shall be placed to the credit of the state board of health by the treasurer of this state and shall, with other moneys appropriated to the said state board of health, be used to defray the expenses of its meetings, examinations, etc.

MEDICAL LAW OF WISCONSIN

Section 1435. The Governor shall appoint a Board of Medical Examiners to be known as the "Wisconsin State Board of Medical Examiners," consisting of eight members. Such appointments shall be made from separate lists presented to him every second year, one list of ten names presented by the Wisconsin State Medical Society, one list of ten names presented by the Homoeopathic Medical Society of the State of Wisconsin, one list of ten names presented by the Wisconsin State Eclectic Medical Society, and one list of five names presented by the Wisconsin State Osteopathic Association. In case any of said societies or associations fail to present such list of names, the Governor may fill vacancies in the board by appointment from the last list filed by such association or society previous to the occurrence of such vacancy. The appointment of each member of said board shall be for the term of four years and until his successor is appointed and qualified; the proportion of the different schools of medicine, as herein provided, shall be preserved. No instructor, stockholder, member of, or person financially interested in any school, college or university having a medical department, or of any school of osteopathy, shall be appointed a member of said board. Three members of said board shall be allopathic, two shall be homoeopathic, two eclectic and one osteopathic, and all shall be licentiates of said board, and no member shall serve for more than two consecutive terms, provided nothing contained in this act shall be construed as terminating or in any manner interfering with the term of any member of the present State Board of Medical Examiners, but each of said members shall serve out his present term as a member of said board.

Sec. 1435a-1. All persons, other than those now possessing a license or a certificate of registration to practice medicine, surgery, or osteopathy, desiring, undertaking or attempting in this State to practice medicine, surgery, or osteopathy, or any other form or system of treating bodily or mental diseases, ailments, infirmities or injuries of human beings, after the passage and publication of this Act, shall apply to said board at the time and place designated by the board, or at any regular meeting thereof, for a license or certificate of registration authorizing such practice and shall present to such board at the time of so applying satisfactory evidence of having completed a preliminary education equivalent to graduation from an accredited high school of this State; and all persons so applying for a license to practice medicine or surgery after the first day of January, 1919, shall, in addition to such preliminary education equivalent to graduation from an accredited high school of this State, present satisfactory and competent evidence of having completed a two years' college course in physics, chemistry, biology and either German or French, the equivalent of a two years' premedical course at the University of Wisconsin.

2. All applicants having presented satisfactory evidence of such preliminary education shall be examined by said board in the subjects of anatomy, physiology, general diagnosis, pathology, histology, chemistry, hygiene and sanitation. All persons so applying, no matter what school or system of treating the afflicted the applicant may claim or intend to follow, shall submit to the same examination in the subjects just enumerated. Applicants desiring to obtain a license to practice medicine, surgery or osteopathy shall, in addition to the satisfactory evidence of having acquired the preliminary education herein designated, present a diploma from a reputable college or school of medicine and surgery or of osteopathy and surgery; in case such college or school requires for graduation a completion of a fifth year of a hospital interneship of not less than one year, the board may accept in lieu of said diploma a properly authenticated certificate equivalent to it in all respects and specifically in point of time attended, courses pursued and evidence of good moral and professional character; and shall submit to an examination in the various branches of medicine and surgery usually taught in such reputable schools and colleges; if the applicant be an osteopath he shall submit to an examination in the various branches of osteopathy and surgery usually taught in reputable colleges of osteopathy. A college or school of medicine and surgery or of osteopathy and surgery maintaining the standard of preliminary education hereinbefore designated and requiring at least four courses of eight months each before graduation

shall be deemed reputable. Any person duly licensed to practice osteopathy in this State at any time prior to the first day of January, 1916, shall be licensed to practice surgery upon passing the regular examination of the board in surgery, and presenting evidence of having completed an adequate course in surgery at a reputable school or college of osteopathy and surgery requiring not less than twenty months actual attendance thereat.

3. After such examination, the board shall, if it finds the applicant qualified, grant a license to the applicant to practice medicine and surgery or osteopathy and surgery in this State, or any other system or form of treating the afflicted, as the case may be, which license or certificate of registration can only be granted by the consent of not less than six members of said board and which license or certificate of registration, after the payment of the fees as herein provided, shall be signed by the president and secretary of the board and attested by its seal. The fee for examination shall be fixed by the board, but shall not exceed twenty dollars in such case, with five dollars additional for the license or certificate of registration, if issued. Such fee or fees shall be paid by the applicant to the treasurer of the board at the time of making application for examination.

4. It shall be unlawful for any person not possessing at the time of the passage and publication of this Act a license or certificate of registration to practice medicine, surgery or osteopathy, to give or prescribe drugs or perform a surgical operation or to practice obstetrics or osteopathy in this State unless such person has secured from the board a license specifically authorizing him so to do.

The committee shall immediately, upon the election of such officers, file with the secretary of the Wisconsin State Board of Medical Examiners, a certificate thereof, giving the name and address of such officers. Three members of the committee shall constitute a quorum. Special meetings of the committee shall be called by the secretary, upon written request of any two members or upon the request of the secretary of the Wisconsin State Board of Medical Examiners.

Notice of the time and place of such meetings shall be given to the public press, and to at least one journal devoted to the interests of professional nursing, and by mail to every applicant, and to every known training school in Wisconsin, at least thirty days prior to the meeting. The committee shall frame its own questions and conduct its own examinations. The written questions and answers shall be filed with the secretary of the Wisconsin State Board of Medical Examiners. The applicants shall be known to the members of the examining committee by numbers, so that no member of the board shall be able to identify the papers of any applicants until they have been graded and the case passed upon, and all questions and answers with a grade attached shall be delivered to the secretary of the Wisconsin State Board of Medical Examiners, and by him preserved for at least one year. Before any applicant shall be permitted to take such examination she shall pay to the secretary of the Wisconsin State Board of Medical Examiners an examination fee of ten dollars. No person shall be granted a license, except as herein provided, to practice nursing until she has passed a satisfactory examination before the examining committee, appointed for the purpose by the Wisconsin State Board of Medical Examiners, nor until she has filed with said board a certificate signed by at least three members of the examining committee, stating that they have found her qualified to practice. Before the applicant is granted a license, she shall also file with the secretary of the Wisconsin State Board of Medical Examiners, on blanks furnished by said board, a statement, giving her name, place of birth and present residence. All written questions for the examination of nurses shall be approved by the executive committee of the Wisconsin State Board of Medical Examiners, and the license to practice nursing shall be issued by the secretary of the Wisconsin State Board of Medical Examiners and countersigned by the president and secretary of the examining committee. Any person to whom a certificate of registration shall be issued shall, within thirty days thereafter, cause the same to be recorded with the county clerk of the county in which such person resided at the time of the application. The Wisconsin State Board of Medical Examiners may revoke the license of any nurse who has been convicted of unprofessional or dishonorable conduct. Said Wisconsin State Board of Medical Examiners shall have power to revoke any certificate of registration granted by them if said certificate was obtained through error or fraud, or if the recipient thereof is shown to be grossly incompetent in the practice of nursing, and, provided, further, that before any certificate shall be revoked, the holder thereof shall have notice in writing, enumerating the charges against her, and at a specified date named therein, not less than five days after the service of such notice, be given a hearing by said board and have an opportunity to produce testimony in her own behalf and to confront the witnesses testifying in said matter. Any person whose certificate has been revoked for gross incompetency, may, after the expiration of one year, apply to have the same regranted, and the same shall be regranted her, if in the discretion of said board they deem it proper.

Sec. 1435c-4. It shall be unlawful hereafter for any person to practice, or attempt to practice, in the State as a registered nurse without a certificate from the Wisconsin State Board of Medical Examiners. Any person who has received such certificate shall be styled and known as a "registered nurse," and shall be entitled to append the letters "R. N." to the name of such person. No other person shall assume or use such title, or the abbreviation "R. N.," or any other words, letters or figures to indicate that such person is a registered nurse.

Sec. 1435c-5. Sections 1435c to 1435c-6, inclusive, shall not be construed to affect or apply to the gratuitous nursing of the sick by friends or members of the family, nor to any person nursing the sick for hire, who does not in any way assume or pretend to be a registered nurse, and Sections 1435c to 1435c-6, inclusive, shall not be construed to interfere in any way with members of religious communities or orders which have charge of hospitals or take care of the sick in their own homes; provided, such members do not in any way assume to be registered nurses.

Sec. 1435c-6. The Wisconsin State Board of Medical Examiners shall enforce the provisions of Sections 1435c to 1435c-6, inclusive, and cause the prosecution of all persons violating any of the provisions thereof, and may incur necessary expenses in that behalf. The secretary of the Wisconsin State Board of Medical Examiners shall keep a register of the names and addresses of all nurses duly registered under Sections 1435c to 1435c-6, inclusive, which shall be open at all reasonable times to public inspection. He shall also keep a record of all applications for registration and a detailed account of all moneys received which shall be paid into the State Treasury. The secretary of the board shall make a semi-annual report of its proceedings under Sections 1435c to 1435c-6 inclusive to the Governor and such report shall contain a true and itemized account of all moneys received under Sections 1435c to 1435c-6, inclusive. Any person violating any of the provisions of Sections 1435c to 1435c-6, inclusive, shall be guilty of a misdemeanor, and shall, upon conviction, be fined for each offense in the sum of not less than ten dollars nor more than fifty dollars.

Sec. 1435e. Reputable practitioners chiropractic may practice their profession in this State, provided that they do not represent themselves to be or hold themselves out as registered or licensed; and provided further, that there is conspicuously displayed in the offices or places where they practice their profession a sign or signs containing the following words in large and legible type: "Not registered or licensed in Wisconsin."

Sec. 1435f. Every person desiring, undertaking or attempting to practice medicine, surgery or osteopathy in this State shall procure and have from the Wisconsin State Board of Medical Examiners a license or certificate of registration authorizing him so to practice and every person desiring, undertaking or attempting to practice any other form or system of treating bodily or mental diseases, ailments, infirmities or injuries of human beings, shall procure and have a certificate of registration from the said board and every person having or hereafter receiving a license or having or hereafter receiving a certificate of registration shall record the same with the county clerk of any county in which said person shall practice and pay to said clerk or clerks a fee of fifty cents each for recording the same, and said clerk shall enter a memorandum thereof, giving the date of said license, or certificate, the name of the person to whom it was issued, school or practice shown, and the date of such recording in a book to be provided and kept for that purpose. Any person who shall fail to record this license or registration certificate as herein provided shall not exercise any of the rights or privileges conferred by such license or certificate.

Sec. 1435g. All itinerant practitioners of medicine, surgery or osteopathy or of any form or system of treating the afflicted shall obtain an annual license from the Wisconsin State Board of Medical Examiners in addition to the license or certificate of registration heretofore obtained or hereafter to be obtained and shall pay to said board as a fee for said license the sum of two hundred fifty dollars per annum. All persons practicing medicine, surgery or osteopathy or professing or attempting to treat or heal diseases, ailments or injuries of the human body, by any means whatever, who go from place to place at irregular or at regular intervals less frequently than once a week, shall be considered itinerant practitioners.

Sec. 1435h. It shall be unlawful for any person not possessing a license to practice medicine, surgery, or osteopathy to use or to assume the title "doctor" or to append to his name the words or letters "doctor," "Dr.," "specialist," "M. D.," "D. O.," or any other title, letters, combination of letters or designation which in any way represents or may tend to represent him as engaged in the practice of medicine, surgery or osteopathy in any of its branches. Any person beginning the practice of, or attempting, undertaking or holding himself out as being authorized to practice medicine, surgery, or osteopathy without having a license so to practice, or any other form or system of treating the afflicted without having a certificate of registration authorizing such practice, and any person violating any of the provisions of this section and of Sections 1435a to 1435g, inclusive, of the statutes, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars, or by imprisonment in the county jail for not less than sixty days nor more than one year, or by both such fine and imprisonment.

Sec. 1435i. Any person practicing medicine, surgery, osteopathy, or any other form or system of treating the afflicted without having a license or a certificate of registration authorizing him so to do, shall not be exempted from, but shall be liable to all the penalties and liabilities for malpractice; and ignorance on the part of any such person shall not lessen such liability for failing to perform or for negligently or unskilfully performing or attempting to perform any duty assumed, and which is ordinarily performed by licensed medical or osteopathic physicians, or practitioners of any other form or system of treating the afflicted. If any person licensed or registered by said board shall be convicted of any crime, committed in the course of his professional conduct, the court in which such conviction is had shall in addition to any other punishment imposed pursuant to law revoke such license or certificate. No person practicing medicine, surgery or osteopathy without having a license so to practice, or any other form or system of treating the afflicted without having a certificate of registration authorizing such practice, shall have the right to collect by law any fees or compensation for the performance of any professional service, or to testify in a professional capacity as a medical or osteopathic physician or practitioner of any other form or system of treating the afflicted, or as an insanity expert in any case; provided, that nothing herein contained shall be construed as forbidding any court in a criminal action, in its discretion, receiving as forbidding any court in a criminal action, in its discretion, receiving the testimony of any person as an expert witness; provided, further that the practitioners in medicine, surgery, or osteopathy licensed in other states may testify as experts in this State when such testimony shall be necessary to establish the rights of citizens or residents of this State in a judicial proceeding when expert testimony of licensed practitioners of this State sufficient for the purpose is not available.

Sec. 1435j. The provisions of Sections 1435a to 1435i, inclusive, shall not apply to commissioned surgeons of the army and navy, or of the public health service of the United States, or to medical or osteopathic physicians of other States and countries in actual consultation with resident licensed practitioners of this State or to the gratuitous prescribing and administering of family remedies or treatment rendered in an emergency. No certificate of registration granted by the Wisconsin State Board of Medical Examiners shall be considered the equivalent of or a substitute for a license granted by said board.

Sec. 1436. The Wisconsin State Board of Medical Examiners shall have the power and it shall be its duty:

1. To elect annually, at its June meeting, from its members a president and a secretary and treasurer. The president and secretary may administer oaths. Said board shall hold regular meetings on the second Tuesday in each January at Madison and on the last Tuesday of each June at Milwaukee, and such other meetings at such other times and places as it may from time to time determine.

2. To have a common seal and to keep a record of all its proceedings and a register for all applications for licenses and for certificates of registration and to keep such other books and registers as shall sufficiently show and make a record of the proceedings of the board at its regular and other meetings.

3. To require the secretary to furnish to the board such bond as it may from time to time direct, said secretary to be the custodian of all fees and funds coming into the hands of the board and turn into the State Treasury all such fees and funds to constitute an appropriation for said board to carry into effect the powers, duties and functions provided by this Act for the said board.

4. To employ a licensed attorney as counsel for the board whose duty it shall be to attend the meetings of the board, to advise the members on questions of law and to assist said board in performing its duties and powers and to employ such other agents and assistants as may be necessary efficiently to carry out and administer the provisions of Sections 1435a to 1435j, inclusive.

5. To make such rules and regulations and to require the filling out of such blanks by applicants as it may deem necessary in order to ascertain the true character and qualifications of an applicant for license or for a certificate of registration and to refuse, in its discretion, to grant a license or a certificate of registration to any person who does not furnish satisfactory proof of good moral and professional character and who is not at least twenty-one years of age.

6. To license without an examination any person holding a license from any board or officer of any other State authorizing such person to practice medicine, surgery or osteopathy in such State, if such board or officer under the laws of such State imposes requirements equivalent to those established by the laws of this State and such person presents such license together with a diploma from a reputable medical or osteopathic college, provided such person pays a fee to be fixed by the board at not to exceed fifty dollars. Any honorably discharged surgeon of the army or navy or of the public health service of the United States may be granted a license without examination by the board, by filing a sworn and properly authenticated copy of his discharge and paying a fee of fifty dollars.

7. To fix the compensation to be paid the members of said board, such compensation not to exceed the sum of ten dollars for each day actually spent in attending to the business of the board and the actual and necessary expenses of such members. All compensation and legitimate and necessary expenses incurred by the members, employes and the attorney of the board shall be paid from the fees and moneys received by said board and paid into the State Treasury as an appropriation for said board.

8. To fix the salary of the secretary at a sum not to exceed one thousand dollars per year and make a report of its proceedings to the Governor on June 30th of each year, such report to include a detailed statement of the moneys received and paid into the State Treasury by the board.

9. To investigate all complaints in regard to the violation, noncompliance with or disregard of the provisions of Sections 1435a to 1435j, inclusive, and to bring all such cases to the notice of the proper prosecuting officers, and to institute prosecutions for such violations, noncompliance, and disregard; and it shall be the duty of the district attorney of the proper county to prosecute all violations of said Sections 1435a to 1435j, inclusive. In such prosecutions and with the consent of the court and the district attorney, the attorney retained by the board may assist the district attorney.

10. To adopt such other rules and regulations as may be necessary efficiently to perform the duties and powers of the board imposed by the provisions of Sections 1435a to 1435j inclusive.

Sec. 1436a. None of the provisions of this Act or the laws of this State regulating the practice of medicine or healing shall be construed to interfere with the practice of Christian science or with any person who administers to or treats the sick or suffering by mental or spiritual means, nor shall any person who selects such treatment for the cure of disease be compelled to submit to any form of medical treatment.

Sec. 1436b. Wherever either the words physician, surgeon, or osteopath are used in the statutes of the State of Wisconsin, they shall be construed to mean and include any and all persons holding a license or certificate of registration to practice either medicine, surgery or osteopathy and to no others.

Sec. 1436e. It is hereby made the duty of the Wisconsin State Board of Medical Examiners to refuse to license or grant a certificate of registration to any person guilty of immoral, dishonorable or unprofessional conduct. The circuit courts of this State are hereby vested with jurisdiction and power to revoke and annul any license or certificate of registration which has been heretofore or which may be hereafter issued to any person to practice medicine or surgery, or osteopathy in this State, who is guilty of immoral, dishonorable or unprofessional conduct, or who has procured such license or certificate of registration by fraud or perjury, or where the same was obtained through error. Upon a verified complaint in writing being made by any person to the district attorney of any county charging any person holding such license or certificate with having, in said county, been guilty of any immoral, dishonorable or unprofessional conduct, as defined in Section 1436f, or with having procured such certificate or license by fraud or perjury, or through error, said district attorney shall commence and prosecute an action in the circuit court of said county against the person so complained against, to revoke and annul such license or certificate of such person. Such action shall be commenced and prosecuted as a civil action in the name of the State of Wisconsin as plaintiff, and against such person complained against as defendant, and the rules of pleading, evidence and practice in civil actions in the circuit court shall be applicable thereto, and either party may appeal from the circuit court to the supreme court as in other civil actions. Either party to said action may demand a jury trial, and the defendant shall have the right to be represented by counsel and the court may appoint counsel to assist the district attorney in the prosecution of such action. The costs of such prosecution shall be paid by the county in which said action is brought. If, upon the trial of such action, the court finds or the jury returns a verdict in favor of the plaintiff, judgment shall be rendered revoking and annulling such license and certificate of the defendant, and the clerk of the circuit court shall forthwith cause a certified copy of such judgment to be sent to the secretary of the Wisconsin State Board of Medical Examiners to be filed for record in the office of said secretary. Any person whose license or certificate has been revoked under the provisions of this section, who shall thereafter practice or offer or attempt to practice medicine, surgery or osteopathy in this State, shall be punished as provided in Sections 1435 to 1436, inclusive. No person shall be excused or privileged from testifying fully under oath or producing evidence, documentary or otherwise, in any action, proceeding or examination brought under the provisions of Sections 1436e and 1436f; but no person shall be prosecuted or subjected to any penalty for or on account of any transaction, matter, or thing, concerning which such person may so testify or produce evidence, documentary or otherwise, except for perjury committed in giving such testimony. If the court before which the trial is had shall determine that the complaint made to the district attorney was wilful and malicious and without probable cause, it shall enter judgment against the person making such complaint for the costs of such action and payment of the same may be enforced by execution against the body of such complainant as in tort actions.

Sec. 1436f. The words "immoral, dishonorable or unprofessional conduct" as used in Section 1436e are hereby declared to mean: First, procuring, aiding or abetting a criminal abortion. Second, advertising in any manner either in his own name or under the name of another person, firm or pretended firm, corporation or pretended corporation, in any newspaper, pamphlet, circular, or other written or printed paper or document the curing of venereal diseases, the restoration of "lost manhood," the treatment and curing of private diseases peculiar to men or women, or the advertising or holding himself out to the public in any manner as a specialist in diseases of the sexual organs, or diseases caused by sexual weakness, self-abuse or excessive indulgences, or in any diseases of a like nature or produced by a like cause, or the advertising of any medicine or any means whatever whereby the monthly periods of women can be regulated or the menses re-established, if suppressed, or being employed by or in the service of any person, firm or pretended firm, association, corporation or pretended corporation, so advertising. Third, the obtaining of any fee, or offering to accept a fee on the assurance or promise that a manifestly incurable disease can be or will be permanently cured. Fourth, wilfully betraying a professional secret. Fifth, indulging in the drug habit. Sixth, conviction of any offense involving moral turpitude.

LAKE GENEVA SANITARIUMS

Comprising two Hospital-Sanitariums, having separate buildings and separate grounds as follows:

OAKWOOD

Oakwood Springs Sanitarium For mental cases and nervous cases requiring guardianship. Situated in a handsome park of seventy-three acres, overlooking the lake and city.

The plans of Oakwood are such as to give to each patient a room or a suite, as may be required. These communicate with parlors and halls in such a way as to afford, in all suitable cases, the utmost freedom of house and grounds, or, when desired, many of the most pleasant rooms can be entirely isolated from all others. By these plans, therefore, it is possible to permit the greatest freedom, and, at the same time, to protect every patient in Oakwood from annoyance by any other.

There are no wards. All rooms are private rooms. There are separate parlors and dining rooms for every five or six patients. The bedrooms are large, and all have pleasant outlooks into the park. Many of them have private baths.

The plumbing, heating and electric lighting are new and modern, and the furnishings are of the best.

The system of ventilation is such that any room might be filled with smoke, and perfectly cleared in ten minutes with closed windows and doors. The building is fire-proof.

No crowding is at any time permitted, and the number under treatment will be governed at all times and entirely by the best interests of the patients themselves.

Regular courses of instruction are given. Physical and mental exercise and drills are promoted, with a view to restoring, strengthening or developing the faculties. Such a course—not of fanciful suggestion, but of instruction—tends to the establishment of attention, interest, ambition, purpose and rational expectation in the patient. Medicinal therapeutics. Serums and vaccines when indicated.

Physicians who wish to refer patients to us, are requested to call the superintendent or assistant by long distance phone and direct the operator to reverse charges when making inquiries.

When notified of the time of expected arrival in Lake Geneva, carriage will be sent to the station to meet patients arriving.

MEDICAL LAW OF WYOMING

Chapter 45, Session Laws of 1905. House Bill No. 71.

An Act to amend and re-enact Chapter 5, Division I, Title XVI, Revised Statutes of 1899, relating to the State Board of Medical Examiners.

Be it enacted by the Legislature of the State of Wyoming:

Section 1. Appointment of Board.—The Governor, by and with the consent of the Senate, shall appoint three regularly licensed physicians of the State of Wyoming, who shall constitute the State Board of Medical Examiners, and who shall hold office for a term of four years. Any vacancy which may occur in said board from any cause shall be filled by appointment by the Governor, and the physician so appointed shall hold his office until the expiration of the term.

Sec. 2. Organization.—The members of the said Board of Medical Examiners shall meet and organize within thirty days after their appointment by taking an oath faithfully to discharge the duties of their office which oath shall be filed with the Secretary of State, and by the election of a president, a vice-president and a secretary. They shall provide such blanks and certificates as are necessary to comply with the provisions of this Act, and an appropriate seal which shall be attached to all official papers issued by the said board, and they shall from time to time adopt such rules and regulations as shall be deemed necessary in the performance of their duties consistent with the requirements of this Act.

Sec. 3. Duties.—It shall be the duty of the said Board to pass upon the qualifications and determine the fitness of all persons who may desire to practice medicine, surgery and obstetrics, or who may publicly profess in any manner to assume the responsibility of the care or treatment of disease, injury or deformity of human beings in the State.

Sec. 4. Requirements.—Every person wishing to practice medicine in any of its departments in this State shall posses the qualifications required by this act. He shall be a graduate from a regularly chartered college of the system which he claims to practice. Said college must be recognized by the State Board of Health or the State Board of Medical Examiners of the State in which it is located. He shall give evidence of the fact that he is a person of good moral character, and that he shall not be the victim of such habits as shall cause him to endanger the lives of those entrusted to his care. He shall present his diploma to the State Board of Medical Examiners for verification as to its genuineness. Said certificate shall consist in the affidavit of the holder of the diploma that he is the lawful possessor of the same and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and seal of such officer. He shall appear before the State Board of Medical Examiners in person at a time and place appointed, and shall pass an examination sufficiently strict to test his qualifications as a practitioner. Said examination may be in whole or in part in writing. It shall be of an elementary and practical character, and shall be upon the following subjects: Anatomy, Physiology, Chemistry, and Toxicology, Pathology, Physical Diagnosis, Gynecology, the principles of Surgery, Obstetrics, Hygiene and Bacteriology. He shall further be required to pass an examination in such branches as are necessary to complete the system of which he is a practitioner. If the applicant is a practitioner of any school or system not represented in the membership of the Board, the Board shall have authority to call a regularly licensed practitioner of that system to assist in the examination. The practitioner thus called shall receive a compensation of five dollars for each person examined. An average grade of seventy-five per cent. in all branches of the examination shall be required; provided, that the applicant shall not pass lower than sixty per cent. in any one branch. Said examination shall be conducted by and under the supervision of the Secretary of the Board, with such assistance from the other members as shall be agreed upon by them. Said examination shall be held at

stated periods to suit the convenience of the Board and applicants; provided, that not more than four examinations shall be held in any one year.

The President and Secretary of the State Board of Medical Examiners shall issue certificates to all persons who successfully pass said examinations, and such certificates, after being duly recorded as hereinafter provided, shall be deemed license to practice medicine in all branches in which the applicant has taken examination in the State. No application for license to practice medicine in the State shall be rejected because of adherence to a particular school of practice. All persons who are licensed practitioners in this State prior to the passage of this act shall be exempt from its requirements.

Sec. 5. Applications—Fees.—The State Board of Medical Examiners shall receive, through its Secretary, applications for certificates and examinations. A fee of twenty-five dollars shall accompany each application. Should the applicant fail to pass the examination, he may present himself at any time within a period of one year for another examination without payment of an additional fee.

Sec. 6. Admission Without Examination.—Said Board may, in its discretion, accept and register, upon payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia or of any State or Territory of the United States; provided, however, that the legal requirements of such Medical Examining Board shall have been, at the time of issuing such certificate, in no degree or particular less than those of Wyoming at the time when such certificate shall be presented for registration to the Board created by this act; and provided, further, that the provisions in this section contained shall be held to apply only to such of said Medical Examining Board as accept and register the certificates granted by this Board without examination by them of the ones holding such certificates.

D.," "Surgeon," "Doctor" or any other word or abbreviation to his name indicative that such person is engaged in the practice of medicine as hereinbefore defined.

Sec. 13. Application of This Act.—Nothing in this act shall be construed to prohibit gratuitous service in case of emergency and this act shall not apply to commissioned surgeons of the United States army or navy or medical examiners of relief departments of railroad companies, while so employed, or any lawfully qualified physicians residing in other states or counties meeting registered physicians of this State in consultation, or any physician or surgeon residing upon the border of a neighboring state, and duly authorized under the laws thereof to practice medicine and surgery therein, whose practice extends into the limits of this State. This act shall apply to apothecaries and pharmacists who prescribe for the sick.

MEDICAL LAW OF THE CANAL ZONE, ISTHMUS OF PANAMA

DEPARTMENT OF HEALTH

Section 12. It shall be the duty of the Department of Health to adopt all measures necessary for the protection and promotion of the public health and for the care of the sick in the Canal Zone, and for the enforcement of sanitary and quarantine rules and regulations adopted or enacted by the Isthmian Canal Commission for the Canal Zone and adjacent waters, and also of the sanitary and quarantine rules and regulations adopted or enacted by said Commission pursuant to the provisions of the Convention between the United States and the Republic of Panama, signed at Washington, November 18, 1903, or other competent authority, for the cities of Panama and Colon, in the Republic of Panama.

In accordance with order of the Governor of the Canal Zone of October 8, 1904, the following rules are hereby formulated for adoption by the Board of Health, for the examination for admission to the practice of medicine, pharmacy, surgery, dental surgery and midwifery:

(1) That the applicant for license to practice medicine, surgery, or dental surgery, shall, as provided for by the order of October 8, 1904, above alluded to, exhibit to the Board of Health a degree or diploma from some medical, or in the case of dentists, dental school, which in the opinion of the Board of Health is in good standing and reputation.

If in the opinion of the Board of Health it be advisable, the applicant to be licensed to practice medicine, surgery, or dental surgery, shall be requested to pass such an examination in these several branches as the Board of Health may set.

The license to practice the above professions shall be withdrawn by the Board of Health, should events subsequent to its issuance convince the Board of Health that the evidence on which it was issued was fraudulent, or should the person to whom issued be, in the opinion of the Board of Health, guilty of improper or unprofessional conduct.

(6) That the Assistant Chief Sanitary Officer, a member of the Board of Health, be appointed a committee to examine and pass on the qualifications of persons applying for license to practice the professions as named in the memorandum.

(7) That when the Assistant Chief Sanitary Officer shall have satisfied himself that the applicant is a proper person to be licensed for the practice of these professions, he shall so certify to the Secretary of the Board of Health, who will bring the matter up to the Board at its next meeting; provided, that on this certificate of the Assistant Chief Sanitary Officer the Secretary may issue a temporary license to an applicant, pending the action of the Board of Health.

(8) That the Secretary of the Board of Health shall receive and account for the fees for the issuance of said license.

MEDICAL LAW OF HAWAII

Section 1068. License.—No person shall practice medicine or surgery in the Territory of Hawaii either gratuitously or for pay, or shall offer to so pracitce, or shall advertise or announce himself, either publicly or privately, as prepared or qualified to so practice, or shall append the letters "Dr." to his or her name, with the intent thereby to imply that he or she is a practitioner of medicine or surgery, without having a valid unrevoked license, obtained from the Treasurer of the Territory of Hawaii, in form and manner substantially as hereinafter set forth. Such license shall only be granted upon the written recommendation of the Board of Health; provided, however, that licenses to practice osteopathy may be granted to graduates holding diplomas from any legally chartered and regularly conducted School or College of Osteopathy, and further provided that a certificate to practice Osteopathy has first been obtained from any State Board of Osteopathic Examiners until such time as there is an Osteopathic Board of Examiners appointed for the Territory of Hawaii.

And provided further, that the practice of medicine as contemplated and set forth in this Act shall not be construed to exclude the use of any medical or means or any agent either tangible or intangible by any person licensed to practice osteopathy, for the treatment of disease in the human subject, provided that no person so licensed to practice osteopathy shall, by reason thereof, be authorized to administer drugs or medicines, or to perform any surgical operation. Any person applying for a license to practice osteopathy shall first file with the Treasurer a certified copy of such diploma and satisfactory evidence that the applicant is a fit and proper person to be so licensed to practice osteopathy, and file with the President of the Board of Health a certificate from the Board of Osteopathic Examiners certifying that the applicant had passed the required examination, and is entitled to practice osteopathy in that State.

And further provided, that nothing herein contained shall apply to so-called Christian Scientists so long as they merely practice the religious tenets of their church without pretending a knowledge of medicine or surgery; provided, that the laws and regulations relating to contagious diseases are not violated.

Sec. 1069. "Practice of Medicine" Defined.—For the purposes of this chapter the practice of medicine shall be held to include the use of drugs and medicines, water, electricity, hypnotism, or any means or method, or any agent, either tangible or intangible, for the treatment of disease in the human subject; provided, however, that nothing herein contained shall be held to forbid any person from the practice of any method, or the application of any remedial agent or measure under the direction or with the approval of a licensed physician; and provided further, that when a duly licensed physician pronounces a person afflicted with any disease hopeless and beyond recovery and shall give a written certificate to that effect to the person afflicted or his or her attendant nothing herein contained shall be held or construed to forbid any person from giving or furnishing any remedial agent or measure when so requested by or on behalf of such afflicted person.

The provisions of this Act shall not be construed to amend or repeal the law respecting leprosy or segregation.

Sec. 1070. Board of Medical Examiners.—No person shall be recommended by the Board of Health for a license to practice medicine or surgery except upon the written report of a Board of Medical Examiners, to be appointed and constituted as in this chapter provided, setting forth that the applicant named therein has been duly examined and found to be possessed of the necessary qualifications.

Sec. 1071. Appointing, Removal, Qualifications.—For the purpose of carrying out the provisions of this chapter the Governor is authorized and directed to appoint in the manner prescribed in Section 80 of the Organic Act, a Board of Medical Examiners, whose duty it shall be to examine all applicants for license to practice medicine or surgery, and to report the result of such examination to the Board of Health.

Such Board of Medical Examiners shall consist of three persons, all of whom shall be licensed physicians or surgeons under the laws of this Territory. The appointments, unless to fill out unexpired terms, shall be for three years, subject, however, to removal by the Governor in the manner prescribed in Section 80 of the Organic Act. The members of the Board of Medical Examiners shall serve without pay.

Sec. 1072. Fee.—No applicant for a license to practice medicine or surgery shall be examined until he shall have paid to the Treasurer a fee of ten dollars.

Sec. 1073. Form of License.—The form of license to practice medicine and surgery shall be substantially as follows:

Territory of Hawaii, Department of the Treasury.
License to Practice Medicine and Surgery.

...., a native of........................
...., aged ....years, having been duly examined by the Board of Medical Examiners, and having been recommended by the Board of Health as possessed of the necessary qualifications, is hereby licensed to practice medicine and surgery in the Territory of Hawaii.

This license is granted and accepted on the express condition that it may be revoked at any time for professional misconduct, gross carelessness or manifest incapacity; such misconduct, carelessness or incapacity, having been proven to the satisfaction of the Board of Health, and by that body reported to the Treasurer.

Given under my hand and the seal of the Department of the Treasury this ....day of......................A. D., ...

(Signed) ....
Treasurer.

Sec. 1074. Penalty.—Any person who shall practice medicine or surgery in the Territory of Hawaii, or who shall offer or attempt to so practice, or shall advertise or announce himself, either publicly or privately, as prepared or qualified to so practice, contrary to the provisions of Section 1068, shall be guilty of a misdemeanor, and shall be liable on conviction to a fine of not more than two hundred and fifty dollars, in the discretion of the Court.

Sec. 1075. Revocation of License.—Licenses to practice medicine and surgery may be revoked by the Treasurer at any time for professional misconduct, gross carelessness or manifest incapacity; such misconduct, carelessness or incapacity, having been proven to the satisfaction of the Board of Health, and by that body reported in writing to said Treasurer. In case any license is revoked for any of the causes named in this section, the holder thereof shall be immediately notified of such revocation in writing by the Treasurer.

Sec. 1076. Notice, Hearing.—In case of an alleged misconduct, carelessness or incapacity on the part of any holder of a license to practice medicine or surgery, the person so charged shall be notified in writing of the charge or charges that have been made, and of the time and place when and where evidence in support of the same will be heard, and shall have the opportunity to present evidence and be heard in his own defense.

MEDICAL LAW OF PHILIPPINE ISLANDS

AN ACT regulating the practice of medicine and surgery in the Philippine Islands. By authority of the President of the United States, be it enacted by the United States Philippine Commission, that:

Section 1. The Commissioner of Public Health for the Philippine Islands shall appoint a Board of Medical Examiners for the Philippine Islands, with the advice and consent of the Board of Health for the Philippine Islands, consisting of three physicians, who shall be graduates of a legally chartered and reputable medical college and shall hold the degree of doctor of medicine. They shall hold office for three years after their appointment, and until their successors are appointed and qualified; Provided, that the first appointees shall be appointed for a period of one, two and three years, respectively, as specified in their respective certificates of appointment from the Commissioner of Public Health; and provided further, that no member of the faculty of any school, college or university where medicine or surgery is taught shall be eligible for appointment on said board. Each person appointed to the board shall qualify by taking and subscribing the following oath of office:

"I, ..., having been appointed a member of the Board of Medical Examiners for the Philippine Islands, do hereby solemnly swear that I am a graduate in good standing of the legally chartered medical college or university at ...., in the city of .... that I will well and truly perform all the duties of said office, that I will faithfully account for all moneys coming into my hands as such officer, that I will bear true faith and allegiance to the government of the United States, and that I take this oath without any mental reservation whatever; so help me God."

The oath shall be recorded and filed in the office of the secretary of the Board of Health for the Philippine Islands. The Commissioner of Public Health shall fill any vacancy which may occur on the board within one month after the vacancy occurs, and may remove any member of said board for continued neglect of duty, incompetency, or for unprofessional or dishonorable conduct, with the advice and consent of the Board of Health for the Philippine Islands.

Sec. 2. The Board of Medical Examiners shall appertain to the Department of the Interior, so far as executive action may be required in connection with it. It shall organize immediately after the appointment of its members, and annually thereafter on the anniversary of its first organization, by electing from its members a president, who shall be its chief executive officer, and a secretary-treasurer. It shall procure and keep a seal with which to attest its official acts. The members of the board, except the secretary-treasurer, shall receive as compensation the sum of two and one-half dollars ($2.50) each for each candidate examined and for registration as doctor or licentiate of medicine, and one dollar ($1.00) each for each candidate examined for registration as undergraduate of medicine or midwife. The secretary-treasurer shall receive compensation at the rate of two hundred dollars ($200) per year, one-half of which amount shall be paid on the 30th of June and one-half on the 31st of December of each year. The amounts due the members of the Board of Examiners for compensation shall be paid from insular funds and disbursed by the disbursing officer of the Board of Health for the Philippine Islands. The secretary-treasurer shall execute a bond for five hundred dollars ($500) with good and sufficient sureties, which shall be approved by the treasurer of the Philippine archipelago, conditioned that he will pay to the treasurer of the Philippine archipelago all moneys received by him as treasurer, and that he will faithfully discharge all the duties of his office. He shall keep a record of the proceedings of the board and a register of all persons to whom certificates of registration as doctors of medicine, licentiates of medicine, undergraduates in medicine, or midwives, have been granted under the provisions of this Act, setting forth the name, age, sex and place of business of each, his postoffice address, the name of the medical college or university from which he graduated or in which he has studied, if any, and the date of such graduation or term of study, together with the time spent in the study of medicine elsewhere, if any, and the names and locations of all institutions which have granted to him degrees or certificates of clinics or lectures in medicine and surgery, and all other degrees granted him from institutions of learning.

Sec. 3. The Board of Medical Examiners shall meet in the city of Manila for the purpose of examining candidates desiring to practice medicine in the Philippine Islands on the second Tuesday of January, April, July and October of each year, after giving thirty days' written or printed notice of such meeting to each candidate who has filed his name and address with the secretary-treasurer of the board. The Board of Medical Examiners shall issue a certificate of registration to any person who furnishes satisfactory proof of having received a diploma as doctor of medicine from a chartered medical school or college in good standing or a degree as licentiate of medicine and surgery from the St. Thomas University in the city of Manila, or who has received permission to appear before a medical board for examination with a view to obtaining a license to practice medicine, in accordance with the provisions of circular order of the military governor No. 5, issued February 25, 1900, and circular order No. 6, same authority, issued April 1, 1900, and who shall issue four forms of certificates of registration to persons who have been examined and favorably passed upon by the board. One, for persons holding the degree of doctor of medicine; another, for persons holding the degree of licentiate of medicine; a third, for undergraduates in medicine, or "cirujanos ministrantes;" and a fourth, for midwives. Each certificate shall be signed by a majority of the members of the board. The secretary-treasurer of the board shall collect a fee of fifteen dollars ($15.00) for each certificate of registration as doctor or licentiate of medicine, and a fee of five dollars ($5.00) for each certificate of registration as "cirujanos ministrante," or as midwife, issued by the board.

Sec. 4. The board shall, on or before the 30th of June of each year, make a report to the Secretary of the Interior of its proceedings during the past year, and of all moneys received and disbursed by it within that period.

Sec. 5. After March 1, 1902, it shall be unlawful for any person to practice medicine, surgery or midwifery in any of its branches in the Philippine Islands, unless he holds a certificate of registration from the board or has otherwise complied with the provisions of this Act. Any person in continuous practice of medicine, surgery or midwifery in any of their branches in the Philippine Islands prior to the passage of this Act may become a registered practitioner by submitting to the Board of Medical Examiners for the Philippine Islands a diploma of doctor or licentiate of medicine from a reputable medical school or college; Provided, that any person now a member of the highest class in the St. Thomas University in the City of Manila, who shall have pursued his studies in medicine and surgery in the said university for not less than five years, and shall receive a degree of licentiate in medicine and surgery from said university in the month of March, 1902, may likewise become a registered practitioner by submitting to the Board of Medical Examiners such degree on or before the first day of April, 1902. For the purposes of this section a physician who has been in the regular practice of his profession in these islands, but whose practice has been interrupted by trips abroad for study or pleasure only, shall be deemed to have been in continuous practice. Provided further, that any person who has passed the requisite examination before a Board of Examiners convened pursuant to special orders No. 5, office of the United States military government in the Philippine Islands, dated February 25, 1900, and circular No. 6, same authority, dated April 1, 1900, shall not be required to undergo another examination, but shall be entitled to be registered and to receive a certificate of registration as a licentiate of medicine. The fee for such certificate shall be ten dollars ($10.00), provided further, that any person who has studied medicine in the St. Thomas University of the city of Manila for a period of not less than two years, and has received the title of "cirujano ministrante" from said university may be registered to practice medicine in remote towns of a province where no civilian doctor of medicine or licentiate of medicine is available, upon passing a satisfactory examination before the Provincial Board of Health for the province in which he desires to practice and paying to its provincial treasurer a fee of five dollars ($5.00) for a certificate of registration, which shall thereupon be issued to him by the president of the Provincial Board of Health.

Sec. 6. Every person hereafter desiring to begin the practice of medicine or surgery in the Philippine Islands shall apply to the Board of Medical Examiners for a certificate of registration as doctor of medicine, and such applicant shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, materia medica and therapeutics, pathology and bacteriology, hygiene, surgery, practice of medicine, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence; and shall present a diploma of doctor of medicine from a medical school or college recognized as reputable by the Board of Health for the Philippine Islands. Examintions may be written or oral or both. In case any applicant shall fail to pass a satisfactory examination he shall not be permitted again to present himself for examination until a period of six months has elapsed.

Sec. 7. Every person holding a certificate of registration from the Board of Medical Examiners shall have it recorded in the office of the registrar of deeds in the province or provinces within which he may desire to practice, or in the city of Manila, as the case may be, before engaging in the practice of medicine, surgery or midwifery, and until such certificate is so recorded, the holder thereof shall not exercise any of the privileges to practice medicine conferred therein. The holder of the certificate shall pay the registrar the usual fees for recording such certificate

Sec. 8. The Board of Medical Examiners may refuse to issue any of the certificates provided for in this Act to an individual convicted by a court of competent jurisdiction of any offense involving immoral or dishonorable conduct. In case of such refusal, the reason therefor shall be stated to the applicant in writing. The board may also revoke any such certificate for like cause, or for unprofessional conduct, after due notice to the person holding the certificate, and a hearing, subject to an appeal to the Board of Health for the Philippine Islands, the decision of which shall be final.

Sec. 9. Any person shall be regarded as practicing medicine within the meaning of this Act who shall treat, operate upon, prescribe for any physical ailment of another for a fee, or who shall represent himself by means of signs, cards, advertisements or otherwise as a physician or surgeon; but nothing in this Act shall be construed to prohibit the rendering of services in cases of emergency or the administration of family remedies, or to apply to medical officers of the United States army, the United States navy or the United States marine hospital service, or to physicians and surgeons from other countries, provinces or cities called in consultation, or to actual medical students practicing medicine under the direct supervision of a preceptor who is a registered doctor of medicine.

Sec. 10. Any person practicing medicine or surgery within the Philippine Islands without first having obtained the certificate of registration herein provided for, or otherwise contrary to the provisions of this Act, shall, upon conviction, be punished by a fine of not more than one hundred and fifty dollars ($150.00), or by imprisonment for not more than ninety days, or both, in the discretion of the Court.

Sec. 11. Any person desiring to practice obstetrics in the Philippine Islands shall be entitled to a certificate of registration as midwife from the Board of Medical Examiners, upon passing a satisfactory examination and paying to the secretary-treasurer of the board a fee of five dollars ($5.00). The examination shall be of such a character as to determine the qualifications of the applicant for the practice of midwifery. Any person practicing midwifery in the Philippine Islands without first having obtained the certificate of registration herein provided for, or otherwise contrary to the provisions of this Act, shall, upon conviction, be punished by a fine of not more than fifty dollars ($50.00) for each offense: Provided, that this section shall not be construed to prevent a doctor of medicine or licentiate of medicine who holds a certificate of registration as such from practicing obstetrics, or to prohibit the gratuitous rendering of obstetrical services by a friend or member of the family of the patient, or to prohibit the rendering of obstetrical services by any person in a case of emergency, nor shall it apply to persons practicing midwifery in municipalities where there are no licensed practitioners.

Sec. 12. No person shall in any way advertise as a doctor of medicine, physician or surgeon, or prefix or append the letters "Dr.," "M. D.," or "M. B." to his name, who has not had duly conferred upon him by diploma or degree from some college, school or board of examiners legally empowered to confer the same, the right to assume title; nor shall any person assume any title, or prefix or append any letters to his name with the intent to represent falsely that he has received a medical degree or license or certificate of registration. Any person violating this provision shall, upon conviction, be subject to a fine of not more than one hundred dollars ($100.00), or to imprisonment for not more than ninety days.

Sec. 13. Where the word "dollars" is used in this Act, it shall be understood to mean dollars in money of the United States.

Sec. 14. This Act shall take effect on its passage.

MEDICAL LAW OF PORTO RICO

AN ACT providing for the organization of a Board of Medical Examiners.

Be it enacted by the Legislative Assembly of Porto Rico:

Section 1. The Governor, with the advice and consent of the Executive Council, shall appoint five learned, skilled and capable physicians, who shall have been residents of the Island of Porto Rico for not less than five years preceding their appointment who shall constitute the Board of Examiners for the purpose of this Act. The physicians so appointed shall hold their respective offices for five years: Provided, that all vacancies occurring shall be likewise filled by appointment by the Governor by the advice and consent of the Executive Council; provided, also, that the first appointments under this Act shall be for the periods of one, two, three, four and five years respectively.

Sec. 2. The Board of Medical Examiners shall procure a seal and on the first Tuesday of April of each year elect from among their members a president, secretary and treasurer. Three members of said board shall constitute a quorum. The president and secretary shall have the power to administer oaths and the board to take testimony in all matters relative to its duty under the provisions of this Act. The Board of Examiners shall hold meetings for examinations at the seat of government on the first Tuesday of April and October of each year, and at such other times and at the same and other places as the board may determine. The board shall keep a record of all proceedings thereof and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all the institutions granting to such applicant, degrees or certificates of lectures attended in medicine or surgery. The register shall also show whether such applicant was rejected, or has received a certificate under this Act; such register shall be prima facie evidence of all the matters therein kept.

Sec. 3. Every person hereinafter wishing to practice medicine or surgery, or any of the branches thereof or midwifery in any of their departments in this Island, shall apply to said board for a certificate or license so to do. Applications from said candidates shall be in writing and accompanied by proof that the applicant is a graduate of a medical school or institution in good standing and legally organized, and duly approved by the said Board of Examiners; if the diploma is found genuine, which fact the said Board of Examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board, or at a regular meeting of said board, said applicant shall be required to take an examination embracing those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degrees of doctor of medicine by respectable medical colleges in the United States. The examination of those who desire to practice midwifery or any of the branches of medicine and surgery, shall be of such a character as to determine the qualifications of the applicants to practice them. All examinations provided for in this Act, shall be conducted under rules and regulations prescribed by the board, which shall provide for a fair and wholly impartial method of examination. After examination, such board shall, if the candidate has been found qualified, grant a certificate or license to such candidate to practice medicine and surgery or any of the branches thereof or midwifery in Porto Rico; which said certificate can only be granted by the consent of not less than three members of said board, and which said certificate shall be signed by the president and secretary of said board and attested by the seal thereof; provided, however, that all physicians and surgeons, who hold certificates granted by the now existing Board of Medical Examiners shall be exempt from the provisions of this section.

Sec. 4. The board may refuse to grant a certificate on account of unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause, the board shall serve in writing upon the applicant a copy of any charge or charges against him, and appoint a day of hearing, at which the applicant or any witness in his behalf may appear and give testimony in refutation of such charges. In case the board after such hearing shall refuse a certificate to the applicant, the decision specifically stating the grounds upon which such refusal was made shall be reduced to writing and the copy thereof delivered to the applicant, upon demand of the applicant. Upon a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner to deceive the public. The hearing provided for herein shall take place within 20 days after the service of the copy of the charges upon the applicant, unless further time is granted to the applicant, and the decision of the board shall not be later than ten days after the day of hearing. The board shall have power to revoke a certificate or license in cases of unprofessional, dishonorable or immoral conduct. Before revoking any certificate or license, a written complaint specifically stating the charges against the person whose certificate is to be revoked shall be delivered to all the members of the board and a copy thereof be served upon such person twenty days before the time fixed by the board for the hearing of said charges. The board must fix the time and the person whose license is to be revoked may produce testimony in refutation of such charges. After such hearing, the decision of the board shall be specifically stated in writing, and a copy thereof delivered, on demand, to the person under charges.

Sec. 5. Every person obtaining a certificate from the board, must within sixty days from the date thereof, have the same recorded in the office of the secretary of Porto Rico and in the office of the Superior Board of Health. The secretary of Porto Rico and the president of the Superior Board of Health shall endorse upon the certificate the date of record, and charge and receive the usual fees for such services, the fees to be paid by the applicant.

Sec. 6. Applicants who possess diplomas from reputable medical colleges, and who have been licensed by State boards, may upon the payment of a fee of twenty-five ($25) dollars, be licensed by the Board of Examiners without examination if the Board of Examiners so decides. Medical officers serving in the army and navy of the United States or in the United States Marine Hospital Service, are exempt from examination, but are required to be registered by the Superior Board of Health and to pay a fee of five dollars.

Sec. 7. Any person practicing medicine or surgery or any other branches thereof or midwifery within the island contrary to the provisions of this Act, shall, for each violation of the provisions of this Act, be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than five hundred dollars nor less than fifty dollars, or by imprisonment for not more than ninety days nor less than thirty days or by both said fine and imprisonment, as the Court may determine. Any person shall be regarded as practicing within the meaning of this Act who shall append the letters "M. D." (for Medical Doctor) to his or her name, who shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person, any drug, medicine, appliance, apparatus or other agency, whether material or not material, for the cure, relief, or palliation of any ailment or disease of the mind or body or for the cure or relief of any wound, fracture, or bodily injury, or other deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation

Sec. 8. The fees for examinations and for a certificate shall be as follows: Ten dollars for an examination in medicine and surgery, and five dollars for a certificate if issued, for all other practitioners five dollars for an examination and five dollars for a certificate if issued. For an examination in midwifery five dollars, and three dollars for a certifiate if issued. All fees shall be paid in advance to the treasurer of the Board of Medical Examiners, which fees shall defray the entire expenses of said candidate for examination before the said Board of Examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months without fee. And the moneys so received shall be turned over to the treasurer of Porto Rico by the treasurer of said board, to be by him deposited in the Medical Board fund, as hereinafter provided.

Sec. 9. Each member of the board is hereby allowed the sum of five dollars per day and mileage while in the active and necessary discharge of his duties, and there is hereby established a fund to be known as the Medical Board Fund. The money in such fund shall only be paid out by warrant on said fund on an order drawn by the treasurer of said board, countersigned by the president. The rate of mileage and attendance before said board shall be five cents per mile. And the board must report annually on the first Monday of July to the Governor, which report must show all the transactions of the Board, giving the number of applications received, and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund and such other information as the Governor may require; and the treasurer of said board shall render to the auditor of Porto Rico a monthly account of his receipts and disbursements.

Sec. 10. After the passage of this bill and the appointment of the board thereunder, the archives and utensils pertaining to the latter sub-delegation of medicine and all documents thereof shall be transferred to the Medical Board of Examiners.

Sec. 11. All laws, acts, orders and parts thereof in conflict with this Act be and the same are hereby repealed.

Sec. 12. This Act shall take effect from and after May 1, 1903.

Approved March 12th, 1903.

The Council or Executive Committee may demand, if they see fit to do so, from any party or parties requesting an investigation, before undertaking the same, a reasonable amount as a deposit to cover the costs and expenses of such an investigation, and in case the investigation established the fact that the complaint was frivolous or vexatious, such deposit may be applied to cover the expenses of the same, otherwise the deposit is to be returned to the party or parties making it.

48. The Council may order to be paid out of the funds at their disposal such costs as may to them seem just to any person against whom any complaint has been made.

49. When the Council directs the erasure from the register of the name of any person, the name of that person shall not be again entered on the register except by direction of the Council or by an order of a Judge of the said Superior Court.

50. If the Council think fit in any case they may direct the Registrar to restore to the register any name or entry erased therefrom, either without fee or on payment of such fee, not exceeding the registration fee, as the Council may fix, and the Registrar shall restore the same accordingly.

51. The Discipline Committee appointed under Section 43, as well as the Executive Committee of the Council may, for the purpose of the execution of their duties under this Act, employ at the expense of the Council such legal or other assistance as these committees may think necessary, and the person whose conduct is the subject of inquiry shall also have the right to be represented by counsel.

52. All meetings of such committees when held for taking evidence or otherwise ascertaining the facts shall be held within the judicial district where the member complained of resides or the alleged offense was committed.

53. At least two weeks before the meeting of the committee to be held for taking evidence, or otherwise ascertaining the facts, a notice shall be served upon the person whose conduct is the subject of inquiry; and such notice shall embody a copy of the charges made against him or a statement of the subject matter of the inquiry, and shall also specify the time and place of such meeting. The testimony of witnesses shall be taken under oath, which the chairman or acting chairman of the committee is hereby authorized to administer, and there shall be full right to cross-examine all witnesses called and to adduce evidence in defense and reply.

54. For the purpose of procuring attendance and evidence of a witness before the committee, a Judge of the said Superior Court may, on application of any party to the inquiry, order the issue by the Clerk of the said Court or a deputy thereof of a writ of subpoena and testificandum or a writ of subpoena duces tecum. The rules of evidence on such inquiry and the proceedings and penalties in the case of disobedience to any such writ shall be the same as obtain in civil cases in the said court.

55. In the event of the non-attendance of the person whose conduct is the subject of such inquiry the committee may, upon proof of personal service of the notice aforesaid in accordance with the provisions of this Act, which proof of service may be by statutory declaration, proceed with the subject matter of the inquiry in his absence and make the report of the facts without further notice to such person.

56. Any person whose name has been ordered to be erased from the register may appeal from the decision of the Council to a Judge of the said Superior Court at any time within six months of the date of the order for such erasure; and such Judge may upon the hearing of such appeal make such order as to the restoration of the name so erased or confirming such erasure or for further inquiries by the Committee or Council into the facts of the case and as to costs as shall be just.

57. The appeal may be by summons for the Council of the said College to show cause served upon the Registrar and shall be founded upon a copy of the proceedings before the Committee, the evidence taken, the committee's report and the order of the Council in the matter certified by the Registrar; and the Registrar shall upon the request of any person desiring to appeal furnish to any such person a certified copy of all proceedings, reports, orders and papers upon which the Committee or Council have acted in making the report or order complained of.

65. In all cases where proof of registration under this Act is required to be made, the production of the printed or other copy of the register, or of any extract therefrom or addenda thereto certified by the Registrar, shall be sufficient evidence of registration in lieu of the production of the original register, and any certificate purporting to be signed by any person in his capacity as Registrar of the Council under this Act and bearing the seal of the College shall be prima facie evidence that such person is such Registrar without any proof of his signature or of his being in fact such Registrar.

(a) But in any case where proof of registration or non-suspension is required to validate a witness' evidence, and a copy of the register, or addenda thereto, or of any extract therefrom certified by the Registrar, or the production of the original register, is not available without prejudicial delay to the cases or the parties interested, then and in such case the evidence of the person under oath claiming to be registered under this Act and not under suspension, that he is so registered and not under suspension shall be proof of same.

AN ACT TO AMEND THE "MEDICAL ACT."

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:

1. This Act may be cited as the "Medical Act Amendment Act, 1912."

2. The provisions of the "Canada Medical Act," chapter 137 of the Revised Statutes of Canada, 1906, and the amending Act thereto, being 1-2 George V., chapter 16 of the Statutes of Canada, 1911, are hereby declared to be accepted and to have the force of law and to be binding upon the College of Physicians and Surgeons of British Columbia as therein provided, and as is herein provided in pursuance of the said Acts.

3. The 'Medical Act," being chapter 155 of the "Revised Statutes of British Columbia, 1911," is hereby amended by adding the following as section 30a:

"30a. The Council shall admit upon the register every person who shall be duly registered and whose name appears upon the Canadian Medical Register in pursuance of the said-recited Acts—namely, the "Canada Medical Act," chapter 137 of the Revised Statutes of Canada, 1906, and the amending Act thereto, being 1-2 George V., chapter 16 of the Statutes of Canada, 1911—upon paying the fees to be fixed, complying with the orders, regulations, or by-laws of the Council, and giving due proof of such registration and that the person applying for registration has not lost the benefit of same by reason of misconduct or otherwise: Provided, however, that every person who shall be registered upon the Canadian Medical Register in pursuance of section 18 of the "Canada Medical Act," chapter 137 of the Revised Statutes of Canada, 1906, sub-section (2), as amended by section 11 of 1-2 George V., chapter 16 of the Statutes of Canada, 1911, shall, as a condition precedent to registration upon the British Columbia Medical Register, and in addition to being required to pay the fees to be fixed, complying with the orders, regulations, or by-laws of the Council, giving due proof of such registration, and that the person applying for registration has not lost the benefit of the same by reason of misconduct or otherwise, pass before the Council or such of them as may be appointed for the purpose, or before a Board of Examiners to be appointed by the Council, a satisfactory examination in final subjects touching his fitness and capacity to practice as a physician and surgeon."

4. The Council may, in pursuance of and in the exercise of the powers granted by section 13 of said chapter 16 of the Statutes of Canada, 1911, at any time order the withdrawal of the representation of the College of Physicians and Surgeons of British Columbia upon the Medical Council of Canada by a resolution passed at a general or special meeting of the Council called for the purpose, and carried by the vote of two-thirds of the members present at the said meeting, and notice of which resolution has been inserted for three months previously in the Canada Gazette and in the case of such resolution being passed, the provisions of said chapter 137 of the Revised Statutes of Canada, 1906, and of said chapter 16 of the Statutes of Canada, 1911, shall immediately cease to apply to the College of Physicians and Surgeons of British Columbia, and the right in any person to obtain registration by reason of being upon the Canadian Medical Register shall be at an end, notwithstanding any provision in this Act contained, and no more persons shall be given the right to practice medicine within the Province of British Columbia by reason of their qualification or registration upon the Canadian Medical Register under the provisions of the before recited Statutes of Canada.

5. Every person rgeistered by reason of registration upon the Canadian Medical Register and in compliance with this Act shall be thereafter subject to all the provisions of the "Medical Act," and in the same position as if registered in ordinary course upon the British Columbia Medical Register: Provided, however, that in admitting of registration of persons because of their being upon the Canadian Medical Register as aforesaid, it shall not be deemed or construed as taking from or impairing in any way the powers, privileges, or authority conferred upon the College of Physicians and Surgeons of British Columbia under the "Medical Act," and for greater certainty, but not so as to restrict the generality of the foregoing terms of this section, the right amongst other things of admitting to registration upon the British Columbia Medical Register of persons otherwise qualified under the provisions of the "Medical Act."

REGULATIONS REGARDING LICENSE TO PRACTICE MEDICINE IN MANITOBA.

The College of Physicians and Surgeons, which is composed of all the medical practitioners whose names are duly entered on the Manitoba Medical Register, is neither a teaching nor an examining body, but is the sole licensing body in medicine in the Province. The University of Manitoba is the sole examining body.

If the applicant for license be a graduate in medicine of any University of Manitoba a license to practice in the Province is granted without further examination by paying the license fee of $125.

If the applicant for license be a graduate in medicine of any other Canadian University, he must send to the Registrar of the College of Physicians and Surgeons, prior to the 1st of March, his medical degree (as a credential), and upon this being found satisfactory he shall be reported to the University as eligible to write at the regular examination, which is held once a year, beginning at 9 a. m. on the 3rd Monday in April, at the University building.

In the case of a graduate from any University in the United States or other foreign country, he shall, in addition to sending his degree (or diploma), be required to send to the Registrar of the College of Physicians and Surgeons complete detailed and authoritative information as follows:

First—As to his matriculation; giving the name and address of the institution in which he was examined, the subjects, and the extent of each required.

Second—As to medical course; the number and length of sessions, subjects taught, number of courses in each, and number of lectures in each course, amount of clinical instruction in the different courses, etc., etc.

All candidates writing for license must show that the course of studies of such College or other incorporated body, at the time such member was admitted thereto, was at least equivalent to the requirements for a similar course by the University of Manitoba at the time such member shall seek to be registered as aforesaid.

On receipt of this information the University will decide as to the eligibility or otherwise of the applicant to write for license.

Each applicant, at the same time that he sends his credentials to the Registrar of the C. P. S., should send $15, examination fee, in a separate communication addressed to the Registrar of the University, which will be returned to him in case he is not permitted to write.

A candidate failing in three or more subjects must write on the whole examination again, and can only do so at a subsequent regular spring examination. If he fail in two subjects or less, he will be required to write on these only, and may do so at the time of the Supplemental Examinations, which begin on third Thursday in September, or at any subsequent regular examination.

The subjects for examination for license are: Medicine, Surgery, Obstetrics, Diseases of Children, Gynaecology, Therapeutics, Clinical Medicine, Clinical Surgery, Clinical Ophthalmology and Otology. Fifty per cent required in each to pass.

The fee for license, $125.00, is payable to the Registrar of the C. P. S. immediately after the receipt by him from the University of a satisfactory report of the candidate's examination.

No interim permit to practice is granted.

Licentiates, by examination, in Great Britain, in good standing, may register in Manitoba, on presenting the British certificate of registration and paying the registration fee, $125.00.

MEDICAL LAW OF NOVA SCOTIA

REGISTRATION

19. (1) Subject to the exceptions made in this chapter every person shall be entitled to have his name entered on the medical register who produces evidence satisfactory to the board,—

(a) That he has passed the preliminary examination, or the equivalent examination provided by this chapter, and had his name entered in the medical students' register;

(b) That after such examination and registration he has followed his studies during a period of not less than five years: (As amended by Acts 1908, c. 52, s. 1.)

(c) That during such five years he has attended at a university, college, or incorporated school of medicine in good standing, a graded collegiate course of five sessions of not less than eight months each, such course to include satisfactory and sufficient lectures and instruction in anatomy, practical anatomy, physics, chemistry, practical chemistry, physiology, histology, materia medica, pharmacy, therapeutics, surgery, clinical surgery, medicine, clinical medicine, obstetrics, practical obstetrics, diseases of women and children, medical jurisprudence, hygiene, pathology (including bacteriology and post-mortem examinations), and that he has attended for a period of not less than eighteen months upon the general practice of a hospital containing not less than one hundred beds under the charge of not less than four recognized medical practitioners, of whom one at least must be a surgeon, or for not less than twelve months on such hospital practice and attendance for six months additional on the practice of a recognized dispensary, or of the outpatient department of a general hospital: (As amended by Order-in-Council February 26, 1902; Acts 1908, c. 52, s. 2.)

(d) That he has satisfactorily passed an examination in the various branches hereinbefore specified before the professional examiners appointed under the provisions of this chapter, and has received from the board its certificate of qualification: Provided, that any candidate who, at the time of his examination, intimates his intention to practice the system of homeopathy, shall not be required to pass an examination in either materia medica, or therapeutics, or in the theory or practice of medicine, or in surgery or midwifery, except the operative practical parts thereof, before any examiners other than homoeopathic examiners, who shall be appointed by the board; and provided that any person who produces to the Registrar satisfactory evidence to show that as a student in arts or science, connected with any recognized university or college, he has attended a satisfactory course in physics, chemistry, or practical chemistry previous to his registration as a medical student, such course or courses will be accepted by the board as exempting from further attendance in such subject or subjects, and a certificate of having, as such arts or science student previous to his registration or as a medical student subsequent to such registration, passed an examination in either or all of these subjects equivalent to that required by the board, will be accepted as exempting from further examination in any or all of said subjects; and provided, that during the year 1902 and thereafter, until the board shall otherwise decide and shall give due notice of such decision in the Annual Announcement, any person who produces to the Registrar satisfactory certificates from a regular medical college or university recognized by the board, of having passed in the subjects of the First and Second Professional Examinations as specified in the board's Annual Announcement, shall be exempt from further examination in such subjects and shall be required to pass only in the subjects of the Third Professional Examination: (As amended by Orders-in-Council February 25, 1901; and February 26, 1902.)

(e) That he is not less than twenty-one years of age, and that he has paid to the Registrar of the board such fee as the board by general by-law appoints.

(2) The foregoing curriculum and regulations shall be compulsory only in the case of persons who began the study of medicine subsequent to July 1st, 1899, and the board shall have power, subject to the approval of the Governor-in-Council, to make from time to time such alterations in the same as are required

[(3) The amendments made by the Acts of 1908, Chapter 52, Sections 1 and 2, viz., substituting the word "five" for the word "four" in clauses (b) and (c) of Section 19 of Chapter 103 R. S., 1909, shall not apply in the case of persons who began the study of medicine prior to the 16th day of April, 1908. (Acts 1908, c. 52, s. 3.)]

20. Notwithstanding anything contained in the next preceding section, any person in actual practice and duly registered under the provisions of Chapter 56 of the Revised Statutes, third series, shall be entitled to be registered under this chapter without payment of any fee.

21. (1) The board shall admit to registration upon payment of the registration fee, any person desirous of practicing in Nova Scotia who is duly registered by the General Medical Council of Great Britain.

(2) When and as soon as it appears that there has been established in any other province of Canada, or in the Northwest Territories of Canada, an examining board similar to that constituted by this chapter, or an institution duly recognized by the Legislature of any such province or of the said Northwest Territories, as the sole examining body therein for the purpose of granting certificates of qualification for the practice of medicine, and whereof the curriculum is equivalent to that established by this chapter, the holder of a certificate of qualification from any such examining body or institution, shall upon due proof and upon payment of the registration fee, be entitled to registration by the board, if the same privilege is accorded by such examining board or institution to those holding certificates of qualification from the board (As amended by Acts 1903, c. 63, s. 2.)

(3) Wherever there is established under the Act of the Parliament of Canada, known as "The Canada Medical Act, 1902," or any Act in amendment thereof, a register for Canada of medical practitioners under the control of a medical council appointed or elected pursuant to the provisions of the aforesaid Act or Acts, then, notwithstanding anything contained in this chapter, any person duly registered in the said medical register for Canada as a medical and surgical practitioner shall be deemed to be qualified and entitled to be registered in the medical register of the board as a duly qualified medical and surgical practitioner, and shall be so registred upon the production of a certificate under the hand of the registrar of the said Medical Council for Canada certifying that such person is duly registered in the said medical register for Canada, and upon satisfactory proof of the identity of such person, and upon payment of such fee as may be prescribed by the board, such fee not to exceed the fee ordinarily payable in cases of registration under the other provisions of this chapter (Acts 1903, c. 63, s. 1.)

22. No person shall practice medicine, surgery or midwifery in Nova Scotia unless his name is registered in the medical register.

23. No person shall be appointed as medical officer, physician, or surgeon in any branch of the public service of this province, or in any hospital or other charitable institution, unless he is registered under the provisions of this chapter; provided that this section shall not apply to the appointment of House Surgeons in the Victoria General Hospital. (As amended by Acts 1907, c. 31.)

24. No certificate required by any statute now in force or hereafter to be passed from any physician, surgeon or medical practitioner, shall be valid unless the person granting or signing the same is registered under this chapter.

25. No person shall be entitled to recover in any court of law any charge for medical or surgical advice or attendance, or for the performance of any operation, or for medicines or medical or surgical appliances which he has supplied or furnished, unless he proves upon the trial that he is registered under this chapter; provided that nothing in this section shall apply to the sale by qualified druggists or chemists of articles properly belonging to their business.

26. No person otherwise duly qualified under this chapter shall be refused registration on account of his adopting or refusing to adopt the practice of any particular theory of medicine. In case of such refusal by the board, the person aggrieved shall have the right to appeal to the Governor-in-Council, who upon due cause shown may issue an order to the board to register the name of such person.

27. Every person registered under this chapter who has obtained any degree or qualification other than that in respect to which he has been registered, may have such other degree or qualification inserted in the register in substitution for or in addition to the qualification previously registered, on the payment of such fee as the board appoints.

28. No qualification shall be entered on the register, either on the first registration or by way of addition to the registered name, unless the board is satisfied by sufficient evidence that the person claiming to have such qualification entered is entitled thereto; and any entry which is proved to the satisfaction of the board to have been fraudulently or incorrectly made, shall by direction of the board be erased from the register.

29. Any medical practitioner who has been sentenced to imprisonment in a penitentiary, or who after due inquiry has been adjudged by the board to have been guilty of infamous conduct in any professional respect, shall thereby forfeit his right to registration, and if registered his name shall, by the direction of the board, be erased from the register.

30. Every person registered under the provisions of this chapter shall be entitled, according to his qualification or qualifications, to practice medicine, surgery or midwifery, or any of them, as the case may be, and to demand and recover in any court of justice reasonable charges for professional aid, advice and attendance, and the cost of any medicines or medical or surgical appliances furnished by him to his patients.

31. Any person who neglects or omits to be registered under this chapter shall not be entitled to any of the rights or privileges conferred by the provisions of this chapter.

31a. Any person who has been registered under the provisions of this chapter and whose name has been heretofore or is hereafter erased from the registry by order of the board shall, at any time within three months after the passing of this Act, if such erasure has been made before the passing thereof, or within three months after the date of such erasure, if made after the passing of this Act, have the right to appeal from the order directing such erasure to a Judge of the Supreme Court, who shall hear and determine such appeal in a summary manner and may confirm, reverse or modify the decision of the board, or may make an order directing the board to register the name of such person, and upon the making of such order the name of such person shall be deemed to be registered.

Any of the parties to the appeal may call witnesses and adduce evidence whether such witnesses were called or evidence adduced at the hearing before the board or not, either as to the credibility of any witness or as to any fact material to the inquiry.

This section shall not apply to a case in which a medical practitioner has been after due inquiry adjudged by the board guilty of infamous conduct in any professional respect. (Acts 1908, c. 52, s. 4, passed on the 16th day of April, 1908.)

REGULATIONS REGARDING LICENSE TO PRACTICE OF MEDICINE IN ONTARIO.

"The College of Physicians and Surgeons of Ontario" is the name adopted by the medical profession of the Province of Ontario in its corporate capacity. As every legally qualified medical practitioner in the Province is a member of this college, it is not an institution for the teaching of medicine.

The medical profession of Ontario was first incorporated under this name by an Act of Parliament of Canada, passed in 1866. This Act was subsequently repealed by the Legislature of Ontario in 1869, and now the affairs of the profession in this Province are regulated by an Act passed in 1874 (37 Vic., Chap. 30), commonly known as the "Ontario Medical Act," and further amended in 1887, 1891, 1893, 1895, 1902 and 1905.

By this Act, the "Council of the College of Physicians and Surgeons of Ontario" is empowered and directed to enact by-laws for the regulation of all matters connected with medical education; for the admission and enrollment of students of medicine; for determining from time to time the curriculum of the studies to be pursued by them, and to appoint a Board of Examiners, before whom all must pass a satisfactory examination before they can be enrolled as members of the college, and thus be legally qualified to practice their profession in the Province of Ontario.

The council, moreover, has power and authority conferred upon it by this Act to fix the terms upon which practitioners of medicine, duly qualified in other countries, may be admitted as members of the College of Physicians and Surgeons of Ontario, this being the only mode in which they can become legally entitled to practice their profession in this Province.

For the information and guidance of students of medicine, the profession, and the public generally, the council, in conformity with the Ontario Medical Act, hereby promulgates for the year 1912-1913 the regulations which herein follow, repealing all others heretofore in force.

All changes in the medical curriculum shall take effect at the next ensuing annual examinations.

2. At the end of each written examination upon any subject, the answers to the questions are to be handed to the registrar, who will open the envelopes, in which they are hereinafter directed to be enclosed, and to each set of papers affix a number by which the author will be known to the examiners during the examination. The registrar will then deliver the papers to the members of the Board of Examiners appointed by the council to examine upon any subject.

3. The papers when delivered to the members of the Board of Examiners appointed by the council to examine on the subject, are to be by them examined, and the relative value of answers marked by means of numbers on a blank form which will be furnished to them by the registrar.

4. The percentage in all subjects of the professional examinations shall range from 0 to 100, of which 60 per cent will be required to pass in each subject.

5. The value awarded by the examiners to the answers of candidates and confirmed by the Board of Examiners is not to be subject to revision, except by the council, who may have the papers re-read and revised when special cases of hardship may seem to have occurred.

6. The examiner shall return the schedule to the registrar, with values inserted, within fifteen days of the close of examinations on his subject. From these values a general schedule shall be prepared by a chartered accountant associated with the registrar, which schedule shall be inspected and signed by the president before the results are announced.

7. The registrar, in notifying the members of the Board of Examiners, will direct attention to the following instructions, a copy of which he shall enclose:

(a) In preparation of questions examiners will confine themselves to the principles common to the standard text books.

(b) In referring to diseases or operations of any kind the name of such disease or operation, most commonly in use, must be employed, and the examiners shall refrain as far as possible from the use of proper names and ambiguous questions.

(c) In the preparation of the paper, that opposite each question should be placed the value of a full and correct answer thereof—the whole of such numbers to amount to 100.

(d) In the reading of papers the examiners shall mark in colored pencil what they regard as the numerical value of the answer given.

(e) The oral and clinical examinations are to be made as practical, demonstrative or clinical as possible, and shall at least occupy thirty minutes.

(f) Candidates shall be known to the examiners by numbers only.

(g) There shall be two examiners in each subject who shall conjointly set and examine each paper and conjointly examine the student in the "oral and clinical" examination.

(h) The examiners will meet at the close of the examination for consultation and consideration of reports before these are forwarded to the registrar.

8. Candidates for oral examinations will be divided into classes alphabetically, and notified of the time at which they shall present themselves for examination. Such students shall wait in an adjoining room, and appear before the examiners when summoned.

9. No teacher shall be eligible for appointment as an examiner in the subject which he teaches.

10. The examiners in each subject shall meet at a convenient point to prepare the examination papers, and shall send each paper to the registrar, by registered mail at least two weeks before the date of examination. (The examiners shall approve of proofs before printing).

Sec. VI. Rules for Candidates When in the Examination Hall. 1. Each candidate shall receive from the registrar a programme containing a list of subjects upon which the candidate is to be examined, and it will admit him to the examination hall during the progress of the examinations upon such subjects, but at no other time.

2. Candidates must write the answers to the questions given by the examiners legibly and neatly upon one side of each page of a book, which will be furnished to each candidate, and the number given with each question is to be put at the head of the answer to it, in such a manner as to have the first page facing outward to the view; the papers then to be folded once and enclosed in an envelope, on the outside of which each candidate is to write his name. The packet is then to be handed to the registrar or his deputy. Neither signature, number or sign, by which the writer could be recognized by the examiner, is to be written or marked on any portion of the book to be enclosed in the envelope.

3. The questions of the Examiners in the homeopathic subjects will be handed, at the beginning of the general examination on the same subject, by the registrar or deputy, to such candidates as have given him notice in accordance with Section III., sub-sec. 7.

They shall write the answers to these questions in the same hall with the other candidates, and hand their paper, when finished, to the registrar in the same manner as provided for other candidates, to be by him given for examination to the homeopathic member of the Board of Examiners appointed to examine on that subject.

4. No candidate will be allowed to leave the hall after the questions are given out, until his answers have been handed in.

5. No one shall be allowed in the hall during the hours of examination, except those who are actually undergoing examination, or members of the council or officials connected therewith.

6. Any candidate who may have brought any book or reference paper in the hall, must deposit it with the registrar before the examination begins.

7. Candidates must not communicate with each other while examinations are going on, either by writing, signs, words, or in any manner whatever.

8. Candidates must at all times bear themselves toward the registrar or deputy and examiners with the utmost deference and respect; and they will not be permitted in any manner to manifest approbation or disapprobation of any member of the Board of Examiners during the progress of the examination.

9. Candidates must not only conduct themselves with decorum while an examination is going on, but they will be held strictly responsible for any impropriety of conduct during the whole progress both of the written and the oral examinations.

10. Any infraction of the above rules will lead to the exclusion of the candidate who is guilty of it, from the remainder of the examination; and he will not receive credit for any examination papers which he may have handed to the registrar or deputy previous to his being detected in such misconduct.

11. And he may be debarred from further privileges, at the discretion of the council.

Sec. VII. Inter-Provincial Reciprocity in Medical Registration. For the purpose of fostering reciprocal relations with the several provinces of Canada, this council enacts as follows:

1. When and as soon as it appears that in any other province of Canada, an examining board similar to that constituted by the Ontario Medical Act, being the sole examining body therein for the purpose of granting certificates of qualification for the practice of medicine, has established a curriculum equivalent to that established by the Council of the College of Physicians and Surgeons of Ontario, the holder of a certificate of qualification granted by any such examining body, shall upon due proof and upon payment of the registration fee, be entitled to registration by this council, if the same privilege is accorded by such examining body to those holding certificates of qualification from this council.

2. Any regularly qualified and licensed medical practitioner in any province of Canada, who is a graduate in arts or science from a recognized Canadian university, may, without further examination, become a member of the College of Physicians and Surgeons of Ontario, on furnishing the necessary credentials and paying the usual fee, provided that the Medical Council of the province in which he is registered and resident offers similar privileges to the members of the College of Physicians and Surgeons of Ontario.

3. The registration fee in all cases where no examination is required by the council will be $100.
